Discursive Intersexions Michaela Koch, 2017-06-15 Life narratives and fiction that represent experiences of hermaphroditism and intersex are at the core of Michaela Koch's study. The analyzed texts from the 19th to the early 21st century are embedded within and contrasted with contemporary debates in medicine, psychology, or activism to reveal the processes of negotiation about the meaning of hermaphroditism and intersex. This cultural studies informed work challenges both strictly essentialist and constructivist notions. It argues for a differentiated perspective on intersex and hermaphrodite experiences as historically contingent, fully embodied, and nevertheless discursive subject positions. *The Documentary Film Book* Brian Winston, 2019-07-25 Powerfully posing questions of ethics, ideology, authorship, and form, documentary film has never been more popular than it is today. Edited by one of the leading British authorities in the field, *The Documentary Film Book* is an essential guide to current thinking on documentary film. In a series of fascinating essays, key international experts discuss the theory of documentary, outline current understandings of its history from pre-Flaherty to the post-Griersonian world of digital iDocs, survey documentary production from Africa to Europe and from the Americas to Asia, consider documentaries by marginalised minority communities, and assess its contribution to other disciplines and arts. Brought together here in one volume, these scholars offer compelling evidence as to why, over the last few decades,

documentary has come to the centre of screen studies. **Wrong-Doing, Truth-Telling** Michel Foucault, 2014-06-04 Three years before his death, Michel Foucault gave a series of lectures at the Catholic University of Louvain that have remained relatively unknown until only recently. Entitled *Wrong-Doing, Truth-Telling*, these lectures provide the missing link between Foucault's early work on sexuality and punishment and his later work on Greek and Roman antiquity. Ranging broadly from Homer to the 20th century, Foucault traces how the early ethical acts of truth-telling in ancient Greece gradually metamorphosed into acts of self-incrimination in monastic times and ultimately into the birth and rise of psychiatry as the foundation of modern penology, criminology, and criminal justice. For Foucault, self-incrimination no longer did the work necessary to quell justice because by the 19th century we wanted to know more than just the fact of wrongdoing; we wanted to know who the criminal was, not just whether the accused committed the crime but what it was about him that made him commit the crime. An avowal of wrong-doing was no longer sufficient; psychiatric expertise was now necessary, and that development marks the birth of discipline and modern criminal justice, made so famous by Foucault. *The Infinitive, the Gerund and the Participles of the English Verb* Hendrik Poutsma, 1923 **The Yankee Boy from Home** Joseph Battell, 1865

hierarchical social structures violence irony humour and sexuality It concludes with a full list of previously proposed solutions to document the history of the ongoing argument that the Exeter Book riddles have provoked *Text Book on Baptism* Robert Hardy Conklin,1846 **Isis Unveiled: a Master Key to the Mysteries of Ancient and Modern Science and Theology** Helena Petrovna Blavatsky,1919 **The Hidden Truth of Your Name** Nomenology Project,2011-08-17 From the secret wisdom of Kabbalah the Runes and Numerology an unprecedented guide to unlocking the hidden power of your name Your name is not only your calling card it also may determine how your life will unfold Mystics have studied the energies associated with names for centuries but **The Hidden Truth of Your Name** is the first book to synthesize their fascinating findings into one compelling resource offering in depth profiles of 750 American names Created by a team of linguistic experts and specialists this beguiling reference guides you through the illuminating intricacies of three ancient systems of divination and shows you how to apply them to create a subtly nuanced portrait of any name you choose **KABBALAH** This ancient Hebrew system of letter and number analysis helps you discover what the mathematics of your name adds up to in terms of work relationships and spiritual energies **THE RUNES** The letters of this old northern European alphabet for centuries an honored source of religious and magical values open surprising windows to self discovery and change **NUMEROLOGY** The key numbers of your name contain potent truths about the positive and negative aspects of your true nature and your destiny Complete with the principle colors gemstones and herbs that harmonize with each name this delightfully accessible book at last gives you the means to uncover the hidden truth and unique traits of your name From the Trade Paperback edition **A Crisis of Truth** Richard Firth Green,2002-05 Green s work is of the greatest importance for the understanding of a crucial period in the history of English writing and institutions and a crucial shift in patterns of cognition Derek Pearsall Harvard University **AB Bookman's Weekly** ,1992 [Handbook of Linguistic Terms](#) Sharad Rajimwale,2006 **UNTOLD TRUTH FROM INDUS SEAL INSCRIPTIONS** Prabhunath Hembrom,2024-06-05 What the Indologists missed in deciphering the Indus seal inscriptions was the understanding of the basic contours of the script and that they not only meant mere words but flowing sentences The incredible ideas emerging from the peculiarity of the images employed in writing on being diligently identified through the rebus method leads to defining the current social and religious roots prevalent in India All the seal inscriptions amazingly follow the phonetic syntactic and semantic principles and also redefine the existence of superstructures trade and economy which altogether help to brand the Harappan Civilization as a literate society *Latin American Writers on Gay and Lesbian Themes* David William Foster,1994-11-07 Gay and lesbian themes in Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author s writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes

in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe
