Thomas,2012-09-30 Throughout the Cold War the Soviet Union deplored the treatment of African Americans by the U S government as proof of hypocrisy in the American promises of freedom and equality This probing history examines government attempts to manipulate international perceptions of U S race relations during the Cold War by sending African American athletes abroad on goodwill tours and in international competitions as cultural ambassadors and visible symbols of American values Damion L Thomas follows the State Department s efforts from 1945 to 1968 to showcase prosperous African American athletes including Jackie Robinson Jesse Owens and the Harlem Globetrotters as the preeminent citizens of the African Diaspora rather than as victims of racial oppression With athletes in baseball track and field and basketball the government relied on figures whose fame carried the desired message to countries where English was little understood However eventually African American athletes began to provide counter narratives to State Department claims of American exceptionalism most notably with Tommie Smith and John Carlos s famous black power salute at the 1968 Mexico City Olympics Exploring the geopolitical significance of racial integration in sports during the early days of the Cold War this book looks at the Eisenhower and Kennedy administrations attempts to utilize sport to overcome hostile international responses to the violent repression of the civil rights movement in the United States Highlighting how African American athletes responded to significant milestones in American racial justice such as the 1954 Brown v Board of Education decision and the passage of the 1964 Civil Rights Act Thomas surveys the shifting political landscape during this period as African American athletes increasingly resisted being used in State Department propaganda and began to use sports to challenge continued oppression *Campy* Neil Lanctot,2011-03-08 Neil Lanctot s biography of Hall of Fame catcher Roy Campanella filled with surprises is the first life of the Dodger great in decades and the most authoritative ever published Born to a father of Italian descent and an African American mother Campanella wanted to be a ballplayer from childhood but was barred by color from the major leagues He dropped out of school to play professional ball with the Negro Leagues Washington later Baltimore Elite Giants where he honed his skills under Hall of Fame catcher Biz Mackey Campy played eight years in the Negro Leagues until the major leagues integrated Ironically he and not Jackie Robinson might have been the player to integrate baseball as Lanctot reveals An early recruit to Branch Rickey s Great Experiment with the Brooklyn Dodgers Campy became the first African American catcher in the twentieth century in the major leagues As Lanctot discloses Campanella and

Robinson pioneers of integration had a contentious relationship largely as a result of a dispute over postseason barnstorming. Campanella was a mainstay of the great Dodger teams that consistently contended for pennants in the late 1940s and 1950s. He was a three time MVP, an outstanding defensive catcher and a powerful offensive threat. But on a rainy January night in 1958, all that changed. On his way home from his liquor store in Harlem, Campy lost control of his car, hit a utility pole and was paralyzed below the neck. Lanctot reveals how Campanella's complicated personal life, he would marry three times, played a role in the accident. Campanella would now become another sort of pioneer, learning new techniques of physical therapy under the celebrated Dr. Howard Rusk at his Institute of Physical Medicine and Rehabilitation. As he gradually recovered, some limited motion, Campanella inspired other athletes and physically handicapped people everywhere. Based on interviews with dozens of people who knew Roy Campanella and diligent research into contemporary sources, Campy offers a three dimensional portrait of this gifted athlete and remarkable man whose second life after baseball would prove as illustrious and courageous as his first.

For fans of Hidden Figures and Steve Sheinkin's *Unbroken*, Andrea Williams's *Baseball's Leading Lady* is the powerful true story of Effa Manley, the first and only woman inducted into the National Baseball Hall of Fame. Before Jackie Robinson broke Major League Baseball's color barrier in 1947, Black athletes played in the Negro Leagues on teams coached by Black managers, cheered on by Black fans and often run by Black owners. Here is the riveting true story of the woman at the center of the Black baseball world. Effa Manley, co-owner and business manager of the Newark Eagles, elegant yet gutsy, she cultivated a powerhouse team. Yet just as her Eagles reached their pinnacle, so did calls to integrate baseball, a move that would all but extinguish the Negro Leagues. On and off the field, Effa hated to lose. She had devoted her life to Black empowerment, but in the battle for Black baseball, she was the game rigged against her.
