Patient-Centered Care for Pharmacists Kimberly A. Galt, Galt, 2012-02-20 Patient centered care is at the heart

of today's pharmacy practice and ASHP's Patient Centered Care for Pharmacists gets to the heart of the subject. Formerly Developing Clinical Practice Skills for Pharmacists, this revised resource has been redeveloped to compliment the changing emphasis in pharmacy practice to patient centered care and the contemporary context of healthcare delivery. To understand and treat the whole person and learn to use a realistic approach to time and resources, students must connect their drug science knowledge to actual practice. Useful in multiple courses in multiple levels, Patient Centered Care for Pharmacists is a valuable resource that gives students and teachers alike more for their money. In P1, P2, and P3 courses in areas from clinical skills to communications, students can follow realistic case studies through typical processes to witness patient centered care in action. Strong, well-developed case studies provide insight into today's vital topics: Cultural differences among patients, Documentation and health records, Patient care plan development, Effective patient communication, And much more.
