Trusting Thomas Collars Cuffs Book 2:

Before You Break K.C. Wells, Parker Williams, 2017-05-26 Secrets Book One Six years ago Ellis walked into his first briefing as the newest member of London's Specialist Firearms unit. He was partnered with Wayne and they became fast friends. When Wayne begins to notice changes in Ellis's erratic temper, the effects of sleep deprivation, he knows he has to act before Ellis reaches his breaking point. He invites Ellis to the opening of the new BDSM club Secrets where Wayne has a membership. His purpose? He wants Ellis to glimpse the lifestyle before Wayne approaches him with a proposition. He wants to take Ellis in hand to control his life because he wants his friend back and he figures this is the only way to do it. There are a few issues, however: Ellis is straight, stubborn, and sexy. Wayne knows he has to put his own feelings aside to be what Ellis needs. What surprises the hell out of him is finding out what Ellis actually requires. *Collars & Cuffs Vol. 1* K.C.

Wells, Parker Williams, 2016-07-22 When Leo Hart and Thomas Williams opened a BDSM club in Manchester back in 2002, they had no idea what they were creating. Because Collars Cuffs has grown into more than a club, it's become a family. Most men who join do so hoping to find a connection, though even those who aren't looking are surprised when the connection finds them. Collars Cuffs men come from all walks of life: from a Dom who thought he would never find love again to men whose past hurts still linger to a young man who desperately needs someone to understand him. But there is one thing that will always be true: together they are stronger, and some bonds cannot be broken. **First** K.C. Wells, 2015-09-21 It's taken Tommy Newsome a while to get his head around being gay. Growing up in a small town in Georgia hasn't prepared him for the more liberal life of a student at the university in Athens. Add to that the teachings of his parents and his church, and you have one shy young man who feels out of his depth. Working on his daddy's farm hasn't given him any chance of a social life, certainly not one like the clubs of Atlanta have on offer. Not that Tommy feels comfortable when he gets to sample it. Momma's lectures still ring loudly inside his head. All that changes when he goes to his first gay bar and sets eyes on Mike Scott. When Mike's not behind the bar at Woofs, he's busy with his life as adult entertainer. Scott Masters: twenty years in the industry, and the times they are a-changing. Mike's not had much luck in the relationship department, but as his mom is fond of telling him, you keep fishing in the same pond, you're gonna reel in the same kind of fish. Maybe it's time for a change. And then a beautiful young man asks Mike to be his first.

Official Proceedings of the Board of Commissioners of Cook County, Illinois Cook County (Ill.). Board of County Commissioners, 1887 *The Sword of Ardil* Matt Thomas, 2016-02-22 After

millennia of peace, the Mirror Planes have collided and the Furies have returned. Caught in the onslaught of these forces, Luc Viamar Ellandor and the nation of Penthar have withstood the first skirmish, if barely. Now the nation of Penthar must weigh rumors of the Legion of the Earthbound to the north and south. Eldin Viamar King considers abdicating. The Warden of Ardil and the White Rose of Alingdor return to find the son they left behind considerably changed, and no longer the young man he had been. News of the Fallen and the Earthbound have seized the Ancaidan capital, leaving the lords of Penthar in doubt over

whether to risk war to stop the Furies and save the neighboring nation or see it destroyed in an attempt to recover the Sword of Ardil and end the threat of one of their most dangerous foes Knowledge that to the far east in the Mountains of Memory a rising darkness is stirring leaves Luc with little choice He must announce his ancestry and hidden identity in the hopes he will be able to muster the armies of Penthar and unite the west against the gathering menace With his memories clouded and images of a ruined city and conflict predating the rise of men pursuing him Luc must learn to control newfound abilities knowing even a victory to the south might not see them survive the rise of the Unmaker
