From the elite performance coach for Michael Jordan, Kobe Bryant, Dwyane Wade and many others, and the author of the powerful bestseller *Relentless*, a no-holds-barred formula for winning that is ideal for business people, athletes and anybody wanting to achieve success. In *Relentless*, Tim Grover showed that you need to be tough and ruthless toward others and yourself to achieve your goals. Now in *Winning*, he takes that skill repertoire to an even higher level, demonstrating why he is one of the world's most sought-after mindset experts. Based on three decades of work with elite competitors like Michael Jordan, Kobe Bryant and Dwyane Wade, *Winning* challenges you to destroy every obstacle in your path, even if at the moment of greatest triumph it may be all taken away. Whether you're an athlete striving to win, an entrepreneur building a business, a CEO managing an empire, a salesperson looking to close a deal or a high achiever determined to stand in the winner's circle, *Winning* offers thirteen key principles for ramping up your performance to the maximum. If you're addicted to the taste of success and crave more, then you're ready for the results-driven performance formula found here. And if you're already winning and want to learn how to execute excellence repeatedly so you can own not just this moment but the next and the next, then *Winning* is for you. *Relentless Exercises* Joy Morris, 2025-08-26. There comes a moment in every life when motivation fades, when discipline wavers and when comfort becomes the quiet enemy of greatness. It is in that moment that a different kind of person rises. Not the one who waits for permission. Not the one who needs applause. But the one who demands more from themselves, even when there is nothing left to give. This is not about being driven. It is about becoming relentless. And this book dares to take you into that mental territory where very few are willing to go. Built on the powerful truths that fuel elite performance, this work is a deep encounter with the mindset that separates the unstoppable from the average. It does not talk about hustle as a badge of honor. It exposes it as a necessity. It speaks to the cleaner inside you, the version of yourself that shows up without excuses, without emotion and without

hesitation when it matters most With every chapter you are invited to strip away what is comfortable and uncover what is required This is not about finding balance It is about claiming your edge and refusing to negotiate with mediocrity Whether you are an athlete entrepreneur leader or someone quietly chasing a better version of yourself this book is not here to guide you It is here to awaken something that has always been inside you It challenges you to stop performing and start dominating To stop asking for clarity and start trusting your instinct To stop thinking like everyone else and start choosing your own path The question is not how far you are willing to go The question is whether you are ready to become the kind of person who never turns back

time is not important to accomplish work and only dedication and focus can do I personally believe every task requires a certain amount of time and without that time given no work can be performed I mean what if someone asked you to build a building in a day and told you everything is possible with focus and dedication This is plain maddening and unrealistic The book is written in a very simple and understandable language which is the best part of this book The book does not contain any images or diagrams to support the writing Grover has used lots of examples from his experience with Michael Jordan and Kobe Bryant The examples are so focused on these two celebrities that one might be confused thinking the book is an autobiography of Michael Jordan or Kobe Bryant At some point it feels like the book is only about winning in basketball games One must read the complete book to understand the total picture of the book The book will be enjoyable for people who love games or basketball Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book
