Thompson, 2019-12-20 You've never come across a watch such as this before. The Apple Watch Series 5 is almost perfect: the finest smartwatch you can buy and wear at the moment. Every other smartwatch doesn't come close to rivaling the same measure of fitness tracking, usability, efficiency, or wearability. The Apple Watch has now gone from strength to strength in its fifth version, since its launch incorporating novel features and improving those features where necessary. With the topics covered in this book, you'll enjoy these benefits with your Apple Watch Series 5. It's got a display that never sleeps. It displays the time conspicuously. It can be personalized anyhow you like. It comes with apps to keep watch over your heart; the heart rate monitor is one of the finest in the industry. It informs you when things become a little loud. It allows you to track your cycle with just a tap. It helps you to accomplish your fitness goals. It inspires you to move, workout, and to stand up. It streams your favorite songs. It has a powerful sense of direction. It gets apps in a blink of an eye. It lets you function without your phone nearby. It cries out for help when you need it. It uses Siri effectively. Whether it's the fitness app that's easy to use, the ability to wirelessly stream music straight to your Bluetooth headphones, AirPods, or AirPods Pro, or using the Apple Watch to make payment with Apple Pay when you're on the move, there is much to like about Apple Watch 5. To some, it's probably an understatement to say it's a game changer. Do not wait any longer; get this book now to enjoy these benefits. **Timex**
