Shapiro, Angela M. Noe, 2015-03-24 This compact reference makes the case for a middle ground between clinical and actuarial methods in predicting future violence domestic violence and sexual offending It critiques widely used measures such as the PCL R VRAG SORAG and Static 99 in terms of clarity of scoring need for clinical interpretation and potential weight in assessing individuals Appropriate standards of practice are illustrated and questioned based on significant legal cases among them Tarasoff v Regents of the State of California and Lipari v Sears that have long defined the field This expert coverage helps make sense of the pertinent issues and controversies surrounding risk assessment as it provides readers with invaluable information in

these and other key areas The history of violence prediction Commonly used assessment instruments with their strengths and limitations Psychological risk factors both actual and questionable Clinical lessons learned from instructive court cases from Tarasoff forward Implications for treatment providers How more specialized risk assessment measures may be developed Risk Assessment offers its readers professionals working with sex offenders as well as those working with the Violence Risk Appraisal Guide and Sex Offender Appraisal Guide new possibilities for rethinking the assessment strategies of their trade toward predicting and preventing violent criminal incidents Mental Health Law 2EA Practical Guide Basant Puri,Robert Brown,Heather McKee,Ian Treasaden,2017-07-28 Completely updated to reflect current changes in the law and in practice Mental Health Law A Practical Guide is a concise and approachable handbook to mental health law for students and professionals working in psychiatric settings Easy to read practical and illustrated with case examples and a wealth of practical advice to guide you through many complex legal issues Multidisciplinary approach written by specialist authors and key opinion leaders who understand the practical issues you face Fully updated and expanded to include the Mental Health Act 2007 and the Mental Capacity Act 2005 so that you are totally up to date Provides clear guidance practical pointers and all you need to know about mental health law implementation This authoritative guide will serve as a comprehensive introduction and long term resource manual for trainee and qualified psychiatrists as well as nurses social workers psychologists and occupational therapists working in mental health Risk Assessment for Domestically Violent Men N. Zoe Hilton,Grant T. Harris,Marnie Rice,2010 From a domestic violence victims first call to police or visit to a womens shelter through the offenders bail sentencing parole and treatment program criminal justice officers and clinicians must make informed decisions about which cases need the most attention as well as ensure targeted provisions are in place to prevent recurrences of violence Authors Hilton Harris and Rice make a powerful case for using actuarial risk assessments to predict recidivism in male domestic violence offenders These assessments the Ontario Domestic Assault Risk Assessment ODARA and the Domestic Violence Risk Appraisal Guide DVRAG are the first in the field The ODARA DVRAG system helps criminal justice officials and clinicians decide which offenders pose the greatest risk to therefore preclude the most dangerous cases from falling through the cracks Notably the authors assert that systematically implementing these tools into public policy will reduce the number of violent assaults on women by their partners The book draws on the authors in depth empirical studies of violent men and their extensive experience with recidivism risk assessment in policing court cases offender assessment and victim services It is also a users manualreplete with all the scoring reporting and interpreting details needed to effectively use the ODARA DVRAG system The inclusion of case examples FAQs scoring tools and forms and sample assessment reports makes this an excellent resource for any professional working directly with domestic violence offenders or training criminal justice officers to conduct these risk assessments The Cambridge Handbook of Forensic Psychology Jennifer M. Brown,Elizabeth A. Campbell,2010-04-29 Forensic psychology has developed and extended from an original

narrow focus on presenting evidence to the courts to a wider application across the whole span of civil and criminal justice which includes dealing with suspects offenders victims witnesses defendants litigants and justice professionals This Handbook provides an encyclopedic style source regarding the major concerns in forensic psychology It is an invaluable reference text for practitioners within community special hospital secure unit prison probation and law enforcement forensic settings as well as being appropriate for trainees and students in these areas It will also serve as a companion text for lawyers and psychiatric and law enforcement professionals who wish to be apprised of forensic psychology coverage Each entry provides a succinct outline of the topic describes current thinking identifies relevant consensual or contested aspects and alternative positions Readers are presented with key issues and directed towards specialized sources for further reference

Handbook of Forensic Psychology William O'Donohue, Eric R. Levensky, 2004-01-19 Forensic psychology has mushroomed into a diverse and increasingly complex field that is equal parts law and psychology Psychologists act as expert witnesses in legal cases sometimes without knowing much about the laws involved and legal professionals rely on the assessment of psychologists sometimes without knowing much about how such assessments are made The purpose of this handbook is to provide professionals with current practical and empirically based information to guide their work in forensic settings or to better their understanding of the issues and debates in forensic psychology Divided into four sections the Handbook of Forensic Psychology covers basic issues assessment mental disorders and forensic psychology and special topics The basic issue chapters present a primer on law for the psychologist a primer on psychology for attorneys an overview of ethical issues relevant to forensic psychology and a chapter on forensic report writing The assessment section discusses factors and measures relevant for assessing a variety of behaviors propensities and capabilities including dangerousness violence suicide competency substance abuse PTSD and neuropsychological evaluations as well as discussing interviewing children and child custody evaluations Additional chapters discuss eyewitness testimony recovered memory polygraphs sexual harassment juror selection and issues of ethnicity in forensic psychology

Learning Forensic Assessment Rebecca Jackson, Ronald Roesch, 2015-10-05 Major developments in the field since the publication of Learning Forensic Assessment are integrated in this revised edition including revised editions of the DSM 5 HCR 20 scale and child custody guidelines This textbook is designed for graduate students learning forensic assessment and psychologists coming to forensic practice later in their careers It is organized around five broad areas Professional and Practice Issues Adult Forensic Assessment Juvenile Forensic Assessment Civil Forensic Assessment and Communicating Your Findings Each chapter begins with a strong teaching and learning foundation The latter part of each chapter is assessment specific covering available assessment measures and approaches to assessment The authors go well beyond simple descriptions of assessment measures and provide a conceptual discussion of the evaluation process that helps the reader understand how assessment measures fit into the overall evaluation process The evaluation component is geared toward assessing the important aspects of the

construct as laid out in the early part of each chapter Each chapter then concludes with a case example to illustrate the measures and techniques described
