Violent Islamist Extremism, the Internet, and the Homegrown Terrorist Threat United States Senate Committee on Homeland Security and Governmental Affairs, 2014-11-13 This is the first in a series of reports by the Majority and Minority staff of the Senate Committee on Homeland Security and Governmental Affairs Committee on the threat of homegrown terrorism inspired by violent Islamist extremism The Committee initiated an investigation into this threat during the 109th Congress under the leadership of Chairman Susan Collins R ME The first hearing on the homegrown threat considered the potential for radicalization in U S prisons including an examination of the activities of Kevin Lamar James an American citizen While in prison James adopted a variant of violent Islamist ideology founded an organization known as the Assembly for Authentic Islam or JIS the Arabic initials for the group and began converting fellow prisoners to his cause Upon release James recruited members of JIS to commit at least 11 armed robberies the proceeds from which were to be used to finance attacks against military installations and other targets in southern California James and another member of the group eventually pled guilty to conspiring to wage war against the United States The James case is only one example of how the violent Islamist terrorist threat has evolved and expanded since the terrorist attacks of September 11 2001 Al Qaeda planned the 9 11 attacks and recruited the hijackers abroad before sending them to the United States to make final preparations for the operation The 9 11 hijackers were indoctrinated into the violent Islamist mindset long before they set foot in the United States As the James case and others illustrate however radicalization is no longer confined to training camps in Afghanistan or other locations far from our shores it is also occurring right here in the United States During the 110th Congress under the leadership of Chairman Joseph Lieberman ID CT the Committee continued its investigation into the threat of domestic radicalization and homegrown terrorism inspired by violent Islamist ideology The Committee has held five more hearings exploring a range of subjects including an assessment of the homegrown threat in the United States the European experience with domestic radicalization the federal government s efforts to counter the homegrown terrorist threat the role of local law enforcement in responding to the threat and the Internet s role in the radicalization process This staff report concerns the last of these subjects how violent

Islamist terrorist groups like al Qaeda are using the Internet to enlist followers into the global violent Islamist terrorist movement and to increase support for the movement ranging from ideological support to fundraising and ultimately to planning and executing terrorist attacks In the second section of this report we examine the increasing number of homegrown incidents and the judgments of the intelligence and law enforcement communities that there will likely be additional homegrown threats in the future The third section explores the four step radicalization process through which an individual can be enticed to adopt a violent Islamist extremist mindset and act on the ideology s call to violence Section four identifies the disturbingly broad array of materials available on the Internet that promote the violent Islamist extremist ideology The availability of these resources is not haphazard but is part of a comprehensive tightly controlled messaging campaign by al Qaeda and like minded extremists designed to spread their violent message The fifth section of the report examines how these materials facilitate and encourage the radicalization process

Terrorism, an Unconventional Crime Vahabph. D Aghai, 2011-08 The terrorist attacks of 9 11 opened a window on a host of questions and assumptions about terrorism Terrorism An Unconventional Crime uses those questions and assumptions as a starting point to explore the history ideology movements leaders and modern methodology of what is in fact an ancient phenomenon Chapter topics include the following What Are the Historic Roots of Terrorism September 11 How Could It Happen Here Who Are the Taliban Is al Qaeda Taking Root in America What Are the Tactics of Terrorism Are Rebels Guerillas and Drug Cartels Terrorists Is Islam a Major Threat to Europe Can Terrorism Be Eradicated If Terrorism Is an Unconventional Crime What Are the Unconventional Solutions The book s principal focus is the current war on terrorism The book discusses the various reasons for conducting operations in Afghanistan and Iraq examines the tactics used and evaluates their effectiveness It devotes multiple chapters to the Taliban and al Qaeda allowing readers to distinguish between the two groups and their varying interests and motives There is also a detailed chapter long biography of the late Osama bin Laden One of the most important chapters is the one dedicated to the September 11 attacks The rapid narration of the timeline of events along with the descriptions of each of the nineteen hijackers and the modus operandi they used to succeed in the attack transports the reader back to that fatal day The gaps in the security system the near misses of local authorities the hijacker pilot who was a near no show the what ifs of the day are brought into sharp and painful focus Finally Terrorism An Unconventional Crime presents factual information to debunk the idea all too common in some circles that all Muslims are terrorists or potential terrorists The book cites a wide spectrum of studies ranging from statistical surveys of terrorist incidents to social demographics psychological profiles compilations of correspondence and the views of religious scholars specializing in many faiths The latter affirm that every faith has a fundamentalist wing that could be

radicalized at any time This kind of approach is a hallmark of Terrorism An Unconventional Crime When dealing with contemporary material the book carefully presents at least two different points of view usually starting with official government reports and then comparing and contrasting the opinions of various experts The object of the book is not to impose a particular viewpoint on readers but to inform and involve them in what for years to come will likely be an urgent and important issue

Ticking Time Bomb Joseph I. Lieberman, 2011-05 The Fort Hood massacre on Nov 5 2009 which left 13 dead and 32 wounded could have been prevented Evidence of accused killer Nidal Hasan s growing drift toward violent Islamist extremism was on full display during his military medical training although his superiors took no punitive action He suggested Muslim Americans in the U S military might be prone to commit fratricide But a slipshod FBI invest into Hasan coupled with internal disagreements and flaws in the agency s intelligence operations also contributed to the government s failure to prevent the attack This report tracks Hasan s growing radicalization in the years before the attack and the numerous failures of the military to take action against him A print on demand report
