Na'im Akbar

*Given all of these odds;
given the almost impossible circumstances which we have faced;
given those barriers which would have devastated any other
human breed a long time ago—
the simple question is:
Why are we still here anyway?*

Visions for Black Men raises issues which are not only important to black men but to all of us. How do we restore African manhood to those whom our society has not viewed as the chosen people? Discover the startling prediction of the mystical tradition of Ancient Africa—that the descendants of a once-great nation will rise again.

Na'im Akbar has been described by *Essence* magazine as "one of the world's preeminent African American psychologists and a pioneer in the development of an African-centered approach to modern psychology." His books and articles exploring the personal development of African Americans have led to numerous network television appearances, including "Phil Donahue," "Oprah Winfrey," "Gunsels," and "Tony Brown's Journal." Currently he is a Research Assistant in the Department of Psychology at Florida State University in Tallahassee.
