The Complete Guide to Growing and Using Wheatgrass Lorraine R. Dégraff, 2011 Wheatgrass that simple green plant you see growing above the counter in your favorite

smoothie shops is one of the most versatile intrinsically useful vegetable matters available to you. It can be blended into almost anything, grows in any temperate or warm climate and is chock full of so many vitamins and fiber that it can take the place of up to two or three servings of vegetables every day if used properly. More and more people are taking advantage of this highly useful plant and growing it themselves, but for many the lack of instruction and direction can lead to frustration and confusion over how the plant is supposed to be grown and what it needs to thrive. This book guides you through the process of not only growing but successfully cultivating wheatgrass for your own personal use in nearly any endeavor, from selling at local farmers markets to mixing in with your home made smoothies. You will learn what wheatgrass does for you and your body, providing the necessary energy you need to lose weight and helping to fight illness by boosting your immune system. You will learn how to grow your own wheatgrass and how chlorophyll functions within wheatgrass, reducing environmental hazards, cleaning your blood with unique enzymes, improving liver function and deodorizing the body. *The House of Vegannatti Food Mantra Guide 101*, Celebrity Vegan Chef Emmy Wu, 2016-09-27. Prediabetes: A Complete Guide, Jill Weisenberger, 2018-05-22. Nearly 10 million people in the United States have been told by their doctor that they have prediabetes, with tens of millions more estimated to have prediabetes and not know it. In fact, the latest numbers from the CDC suggest that nearly 1 in 3 adults currently have either prediabetes or diabetes. These are alarming numbers, and finding out that you are that one out of three can be even more alarming. Shock, denial and confusion are not uncommon reactions. But there is a flipside to learning you have prediabetes: It's scary, but it also means you've caught the condition just in time before it's too late. Prediabetes does not mean you will develop diabetes. There are actions you can take to improve your health. **Prediabetes: A Complete Guide** will reveal to you in detail what these actions are and empower you to find the healthy eating and lifestyle changes that work best for you to help you achieve your health goals. Written by Jill Weisenberger, a registered dietitian, nutritionist, certified diabetes educator, certified health and wellness coach, and author of the American Diabetes Association bestselling book *Diabetes Weight Loss Week by Week*, this comprehensive guide will lead you through dozens of concrete steps you can take to reduce the risk of developing type 2 diabetes and other lifestyle-related chronic diseases.
