Bloomsbury Good Reading Guide Nick Rennison, 2009-09-27 Deciding what to read next when you've just finished an unputdownable novel can be a daunting task. The Bloomsbury Good Reading Guide features hundreds of authors and thousands of titles with navigation features to lead you on a rich journey through some of the best literature to grace our shelves. This greatly expanded edition includes the latest contemporary authors and landmark novels, an expanded non-fiction section, a timeline setting historical events against literary milestones, prize winner and book club lists. An accessible and easy-to-read guide that no serious book lover should be without. The essential guide to the wild, uncharted world of contemporary and 20th-century writing. Robert McCrum, *The Observer*. *Functional Grammatics* Mary Macken-Horarik, Kristina Love, Carmel Sandiford, Len Unsworth, 2017-10-03 This book provides a reconceptualization of grammar in a period of change in the communication landscape and widening disciplinary knowledge. Drawing on resources in systemic functional linguistics, the book envisions a functional grammar relevant to disciplinary domains such as literary study, rhetoric, and multimodality. It reimagines the possibilities of grammar for school English through Halliday's notion of grammatics. *Functional Grammatics* is founded on decades of research inspired by systemic functional linguistics and includes studies of grammatical tools useful to teachers of English, research into visual and multimodal literacies, and studies of the genre-grammar connection. It aims to be useful to the interpretation and composition of texts in school English, portable in design across texts and contexts, and beneficial for language development. The book will be of interest to researchers and teacher educators as well as undergraduate and postgraduate students and practicing teachers committed to evidence-based professional development. **Children's Book Review Index** Gary C. Tarbert, 2002 **Australian Book Review**, 1998 **Book Review Digest**, 2000 **Boys and Books** James Moloney, 2002 Declining literary standards for boys is an issue of widespread concern. The book also includes updated comprehensive lists of recommended reading. **Book Review Index**, 2003 Vols 8-10 of the 1965-1984 master cumulation constitute a title index.
