The Blessed Virgin's Root Traced in the Tribe of Ephraim Francis Henry Laing, 1871 **Pastoralists' Review**, 1966 [Of Death and Birth](#) Barbara Schuler, 2009

Scholars of popular Hindu religion in India have always been fascinated by oral texts and rituals but surprisingly only few attempts have as yet been made to analyse the relationship between rituals and texts systematically. This book contributes to the filling of this gap. Focusing on the dynamics of a local non-Brahmanical ritual, its modular organisation and inner logic, the interaction between narrative text and ritual and the significance of the local versus translocal nature of the text in the ritual context, the study provides a broad range of issues for comparison. It demonstrates that examining texts in their context helps to understand better the complexity of religious traditions and the way in which ritual and text are programmatically employed. The author offers a vivid description of a hitherto unnoticed ritual system along with the first translation of a text called the Icakkiamman Katai. IK Composed in the Tamil language, the IK represents a substantially longer and embellished form of a core version which probably goes as far back as the seventh century C.E. Unlike the classical source, this text has been incorporated into a living tradition and is being constantly refashioned. A range of text versions have been encapsulated in the form of a conspectus which will shed light on the text's variability or fixity and will add to our knowledge of bardic creativity. Includes a film by the author on DVD.

The Hymns of the Breviary and Missal, Edited, with Introduction and Notes Catholic Church, Matthew Britt, 1924 **Running The Race To Win** DARREN T. CARTER, 2012-04-18

Running The Race To Win is a book about developing a deeper understanding of discipleship and developing a deeper relationship with Christ. It does not matter if you are a businessperson, schoolteacher, nurse, athlete, computer technician, student, etc., you are called to be a disciple and to make disciples. The contemporary church has many times neglected the original command laid down by Christ Himself, and for this reason, discipleship seems to be a radical message. However, for the church to fulfill its mission, we must once again return to this radical call. The word radical comes from the Latin word *radix*, meaning the root of things. Radical discipleship is simply a call to return to biblical foundations. Biblical foundations are at the root of discipleship.

since a disciple is one who has been instructed in the foundational teachings of Christ
