Harper, 2013-02-14 *Teaching Young Adult Literature: Developing Students As World Citizens* by Thomas W. Bean, Judith Dunkerly-Bean, and Helen Harper is a middle and secondary school methods text that introduces pre-service teachers in teacher credential programs and in-service teachers pursuing a Masters degree in Education to the field of young adult literature for use in contemporary contexts. The text introduces teachers to current research on adolescent life and literacy, the new and expanding genres of young adult literature, teaching approaches, and practical strategies for using young adult literature in English and Language Arts secondary classrooms and in Content Area Subjects e.g. History and ongoing social, political, and pedagogical issues of English and Language Arts classrooms in relation to contemporary young adult literature. *iDisorder* Larry Rosen, 2012-03-27 *iDisorder* changes to your brain's ability to process information and your ability to relate to the world due to your daily use of media and technology, resulting in signs and symptoms of psychological disorders such as stress, sleeplessness, and a compulsive need to check in with all of your technology. Based on decades of research and expertise in the psychology of technology, Dr. Larry Rosen offers clear, down-to-earth explanations for why many of us are suffering from an *iDisorder*. Rosen offers solid, proven strategies to help us overcome the *iDisorder* we all feel in our lives while still making use of all that technology offers. Our world is not going to change, and technology will continue to penetrate society even deeper, leaving us little chance to react to the seemingly daily additions to our lives. Rosen

teaches us how to stay human in an increasingly technological world

The Critical Merits of Young Adult Literature

Crag Hill, 2014-03-05 This examination of the literary effectiveness of young adult literature from a critical research oriented perspective answers two key questions asked by many teachers and scholars in the field Does young adult literature stand up on its own as literature Is it worthy of close study The treatment is both conceptual and pragmatic Each chapter discusses a topical text set of YA novels in a conceptual framework how these novels contribute to or deconstruct conventional wisdom about key topics from identity formation to awareness of world issues while also providing a springboard in secondary and college classrooms for critical discussion of these novels Uncloaking many of the issues that have been essentially invisible in discussions of YA literature these essays can then guide the design of curriculum through which adolescent readers hone the necessary skills to unpack the ideologies embedded in YA narratives The annotated bibliography provides supplementary articles and books germane to all the issues discussed Closing End Points highlight and reinforce cross cutting themes throughout the book and tie the essays together

Exploring Identity Development and Self Leilya A. Pitre, Mike P. Cook, 2021-02-15 This book offers readers opportunities to explore the most common universal themes taught in secondary English Language Arts classrooms using contemporary young adult literature Authors discuss adolescence and adolescent readers young adult literature and its possibilities in the classroom and ways to teach thematic analysis The book provides context traditional approaches to teaching and examples of thematic explorations of each of the chosen themes Chapters include developed teaching instructional units to study three universal themes a journey of self discovery good vs bad right vs wrong and making difficult choices and developing positive self perception Each instructional unit includes rationale essential questions and objectives calendar plans for up to six weeks examples of introductory reading and discussing and enrichment activities and assessments The activities target academic skills for ELA curricula and create safe spaces for exploring topics of identity struggles and personal growth complicated by social issues all of which adolescents face today Each instructional chapter suggests a wide range of additional texts and resources for theme explorations

Literature for Young Adults Joan L. Knickerbocker, 2017-03-15 Young adults are actively looking for anything that connects them with the changes happening in their lives and the books discussed throughout *Literature for Young Adults* have the potential to make that connection and motivate them to read It explores a great variety of works genres and formats but it places special emphasis on contemporary works whose nontraditional themes protagonists and literary conventions make them well suited to young adult readers It also looks at the ways in which contemporary readers access and share the works they're reading and it shows teachers ways to incorporate nontraditional ways of accessing and sharing books throughout their literature programs In addition to traditional genre chapters *Literature for Young Adults* includes chapters on literary nonfiction poetry short stories and drama cover art picture

books illustrated literature and graphic novels and film It recognizes that while films can be used to complement print literature they are also a literacy format in their own right and one that young adults are particularly familiar and comfortable with The book s discussion of literary language including traditional elements as well as metafictional terms enables readers to share in a literary conversation with their students and others when communicating about books It will help readers teach young adults the language they need to articulate their responses to the books they are reading

Lutheran Woman's Work ,1917 *Preventing Harmful Behaviour in Online Communities* Zoe Alderton,2022-04-11
Preventing Harmful Behaviour in Online Communities explores the ethics and logistics of censoring problematic communications online that might encourage a person to engage in harmful behaviour Using an approach based on theories of digital rhetoric and close primary source analysis Zoe Alderton draws on group dynamics research in relation to the way in which some online communities foster negative and destructive ideas encouraging community members to engage in practices including self harm disordered eating and suicide This book offers insight into the dangerous gap between the clinical community and caregivers versus the pro anorexia and pro self harm communities allowing caregivers or medical professionals to understand hidden online communities young people in their care may be part of It delves into the often unanticipated needs of those who band together to resist the healthcare community suggesting practical ways to address their concerns and encourage healing Chapters investigate the alarming ease with which ideas of self harm can infect people through personal contact community unease or even fiction and song and the potential of the internet to transmit self harmful ideas across countries and even periods of time The book also outlines the real nature of harm based communities online examining both their appeal and dangers while also examining self censorship and intervention methods for dealing with harmful content online Rather than pointing to punishment or censorship as best practice the book offers constructive guidelines that outline a more holistic approach based on the validity of expressing negative mood and the creation of safe peer support networks making it ideal reading for professionals protecting vulnerable people as well as students and academics in psychology mental health and social care **Subject Guide to Books in Print** ,2001 **Private**
