The Democratic Party Douglas B. Harris, Lonce H. Bailey, 2014-10-07 Through an examination of key historical documents this book chronicles the Democratic Party s complete transformation from the small government Jeffersonian party to a party of activist government and social progressivism during the presidencies of Franklin D Roosevelt Lyndon Johnson Bill Clinton and Barack Obama What are the objectives of today s Democratic Party and what historic events have guided its evolution from a decidedly different ideological starting point more than 200 years ago The Democratic Party Documents Decoded supplies a thorough historical examination of the Democratic Party from its distant origins in George Washington s administration to the two term administration of Barack Obama Told through key documents and speeches this history comes alive in the words and thoughts of those who built sustained and transformed the Democratic Party No other book uses

documents in this way to tell a comprehensive history of this party The book utilizes primary documents to investigate a breadth of topics such as the Democratic party's positions on civil rights discrimination voting rights taxation representation immigration primary elections caucuses the Republican opposition relations between church and state the role of government and foreign policy The scholarly commentary provides essential context that bridges the gaps between documents and insightful explanations and clarifications of specific passages or terms to ensure reader comprehension A work unlike any other on the history of the Democratic Party this book will serve advanced high school students in government and history classes as well as undergraduate students taking courses in political science and history

Freedom from Obsessive Compulsive Disorder Jonathan Grayson, 2014-05-06 Nearly six million Americans suffer from the symptoms of obsessive compulsive disorder which can manifest itself in many ways paralyzing fear of contamination unmanageable checking rituals excessive concern with order symmetry and counting and others Freedom from Obsessive Compulsive Disorders provides Dr Johnathan Grayson's revolutionary and compassionate program for finally breaking the cycle of overwhelming fear and endless rituals including Self assessment tests that guide readers in identifying their specific type of OCD and help track their progress in treatment Case studies from Dr Grayson's revolutionary and profoundly successful treatment program Blueprints for programs tailored to particular manifestations of OCD Previously unexplored manifestations of OCD such as obsessive staring Relationship OCD R OCD obsessive intolerance of environmental sounds and chewing sounds Therapy scripts to help individuals develop their own therapeutic voice to motivate themselves to succeed New therapies used in conjunction with exposure techniques Trigger sheets for identifying and planning for obstacles that arise in treatment Information on building a support group And much more Demystifying the process of OCD assessment and treatment this indispensable book helps sufferers make sense of their own compulsions through frank unflinching self evaluation and provides not only the knowledge of how to change but the courage to do it *Friedrich Nietzsche (English Edition)* Georg Brandes, 2015-02-25 Example in this ebook AN ESSAY ON ARISTOCRATIC RADICALISM 1889 Friedrich Nietzsche appears to me the most interesting writer in German literature at the present time Though little known even in his own country he is a thinker of a high order who fully deserves to be studied discussed contested and mastered Among many good qualities he has that of imparting his mood to others and setting their thoughts in motion During a period of eighteen years Nietzsche has written a long series of books and pamphlets Most of these volumes consist of aphorisms and of these the greater part as well as the more original are concerned with moral prejudices In this province will be found his lasting importance But besides this he has dealt with the most varied problems he has written on culture and history on art and women on companionship and solitude on the State and society on life's struggle and death He was born on October 15 1844 studied philology became in 1869 professor of philology at Basle made the acquaintance of Richard Wagner and became warmly attached to him and associated also with the distinguished historian of the Renaissance Jakob Burckhardt Nietzsche's

admiration and affection for Burkhardt were lasting His feeling for Wagner on the other hand underwent a complete revulsion in the course of years From having been Wagner s prophet he developed into his most passionate opponent Nietzsche was always heart and soul a musician he even tried his hand as a composer in his Hymn to Life for chorus and orchestra 1888 and his intercourse with Wagner left deep traces in his earliest writings But the opera of Parsifal with its tendency to Catholicism and its advancement of the ascetic ideals which had previously been entirely foreign to Wagner caused Nietzsche to see in the great composer a danger an enemy a morbid phenomenon since this last work showed him all the earlier operas in a new light During his residence in Switzerland Nietzsche came to know a large circle of interesting people He suffered however from extremely severe headaches so frequent that they incapacitated him for about two hundred days in the year and brought him to the verge of the grave In 1879 he resigned his professorship From 1882 to 1888 his state of health improved though extremely slowly His eyes were still so weak that he was threatened with blindness He was compelled to be extremely careful in his mode of life and to choose his place of residence in obedience to climatic and meteorological conditions He usually spent the winter at Nice and the summer at Sils Maria in the Upper Engadine The years 1887 and 1888 were astonishingly rich in production they saw the publication of the most remarkable works of widely different nature and the preparation of a whole series of new books Then at the close of the latter year perhaps as the result of overstrain a violent attack of mental disorder occurred from which Nietzsche never recovered To be continue in this ebook
