Bernard,2009-09-28 The past sixty years have shaped and reshaped the group of French speaking Louisiana people known as
the Cajuns During this period they have become much like other Americans and yet have remained strikingly distinct The
Cajuns Americanization of a People explores these six decades and analyzes the forces that had an impact on Louisiana s
Acadiana In the 1940s when America entered World War II so too did the isolated Cajuns Cajun soldiers fought alongside
troops from Brooklyn and Berkeley and absorbed aspects of new cultures In the 1950s as rock n roll and television crackled
across Louisiana airwaves Cajun music makers responded with their own distinct versions In the 1960s empowerment and
liberation movements turned the South upside down During the 1980s as things Cajun became an absorbing national fad
Cajun became a kind of brand identity used for selling everything from swamp tours to boxed rice dinners At the dawn of the
twenty first century the advent of a new information age launched Cyber Cajuns onto a worldwide web All these forces have
pushed and pulled at the fabric of Cajun life but have not destroyed it A Cajun himself the author of this book has an intense
personal fascination in his people By linking seemingly local events in the Cajuns once isolated south Louisiana homeland to
national and even global events Bernard demonstrates that by the middle of the twentieth century the Cajuns for the first
time in their ethnic story were engulfed in the currents of mainstream American life and yet continued to make outstandingly
