Canadian Almanac and Directory ,1990 Solving Poverty Jim Silver,2016-03-30T00:00:00Z Poverty in Canada s inner cities is deep complex racialized and often intergenerational In this collection of essays published over the past decade Jim Silver argues that urban poverty today includes not only low incomes but in all too many cases also poor housing poor health low educational achievement high levels of neighbourhood violence racism colonialism and social exclusion As a result many poor people experience low levels of self esteem and self confidence and may blame themselves which is reinforced by the dominant blame the victim discourse about poverty Silver argues that today s urban poverty is qualitatively different than the urban poverty of forty years ago and that there are no quick easy or one dimensional solutions In Solving Poverty Jim Silver a veteran scholar actively engaged in anti poverty efforts in Winnipeg s inner city for decades offers an on the ground analysis of this form of poverty Silver focuses particularly on the urban Aboriginal experience and describes a variety of creative and effective urban Aboriginal community development initiatives as well as other anti poverty initiatives that have been successful in Winnipeg s inner city In the concluding chapter Silver offers a comprehensive pan Canadian strategy to dramatically reduce the incidence of urban poverty in Canada
