Tolkien to Terry Pratchett and Tad Williams* Stefanie Schult,2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien's original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader's willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader's acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader's immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams's and Terry Pratchett's fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be

considered Anglophone in a general categorization Pratchett's Discworld retains a feeling of Britishness that is not to be found in Williams's Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author's Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media

How Did Long John Silver Lose his Leg Dennis Butts, Peter Hunt, 2013-11-28

How did Long John Silver Lose His Leg is a diverting tour through some of the bestloved classics of children's literature addressing many of the unanswered questions that inspire intense speculation when the books are laid down Could Bobbie's train really have stopped in time *The Railway Children* Did Beatrix Potter have the flu in 1909 and did this lead to a certain darkness in her work *The Tale of Mr Tod* Would the rugby football played by Tom Brown be recognised by sportsmen today Tom Brown's Schooldays The authors speculate entertainingly and informatively on the anomalies and unexplained phenomena found in children's literature and having established the cultural importance of children's books in the modern age also consider the more serious issues raised by the genre Why are we so defensive of the idyllic worlds presented in children's books Why have some of our best loved authors been outed as neglectful parents to their own children Should we ever separate the book from its creator and appreciate the works of writers convicted of crimes against children A treat for any enthusiast of children's literature two of the most distinguished writers on the subject provide rich detail witty explication and serious food for thought

The Intertextuality and Intermediality of the Anglophone Popular Song Michael Ingham, 2022-09-07 Popular song is a liminal hybrid form of cultural production As a

manifestation of adaptation studies it has lacked visibility by comparison with more dominant adaptation practices especially those for the screen This book serves to fill this gap It investigates what songwriters read and write before they start singing showing that they need either to adapt material from existing sources or write their own lyrics drawn from a wide range of source texts and personal experiences They are subject to myriad influences and among these are other song lyrics poems novels plays films and hybrid cultural forms This deep structure intertextuality is embedded in the cultural flux of language and operates at both conscious and subconscious levels This book thus explores the complex and multifarious intertextual connections between popular songs of various genres styles and eras and literary works including but by no means limited to the Bible and Shakespeare As such it offers a valuable resource by exploring the deep intertextual significance of literary source material for the intellectual and emotional diversity that can be found in the popular song form the inverse reciprocal relationship while much less common is also considered in the study *Best Books for Young Adults* Holly

Fantasy Fiction Frances Sinclair, 2008 Handbook of fantasy fiction for teachers librarians parents and guardians and children themselves in which to find many titles of fantasy fiction that they like or may be tempted to read Includes groups such as classic fantasy comic fantasy Arthurian dark fantasy animals and dragons *The Wit and Wisdom of Discworld* Terry Pratchett, 2012-01-03 For every Terry Pratchett fan an absolute must have giftable book favorite quotations from his beloved Discworld canon Gleaned from more than two decades worth of Discworld tales here is an essential compendium of insightful musings witty commentary and sagacious observations by New York Times bestselling author Terry Pratchett compiled by Pratchett expert Stephen Briggs In the bathtub of history the truth is harder to hold than the soap and much more difficult to find All assassins had a full length mirror in their rooms because it would be a terrible insult to anyone to kill them when you were badly dressed Filled with wonderful bon mots double entendres not to mention breathtaking insights The Wit and Wisdom of Discworld is a compendium of the wittiest pithiest and wisest quotations from Pratchett's madcap universe a place that looks sounds and smells suspiciously like our own Pratchett has created an alternate universe full of trolls dwarfs wizards and other fantasy elements and he uses that universe to reflect on our own culture with entertaining and gloriously funny results It's an accomplishment nothing short of magical Chicago Tribune [Making Money](#) Terry Pratchett, 2007-09-18 The Ankh Morpork Post Office is running like well not at all like a government office The mail is delivered promptly meetings start and end on time five out of six letters relegated to the Blind Letter Office ultimately wend their way to the correct addresses Postmaster General Moist von Lipwig former arch swindler and confidence man has exceeded all expectations including his own So it's somewhat disconcerting when Lord Vetinari summons Moist to the palace and asks Tell me Mr Lipwig would you like to make some real money Vetinari isn't talking about wages of course He's referring rather to the Royal Mint of Ankh Morpork a venerable institution that has run for centuries on the hereditary

employment of the Men of the Sheds and their loyal outworkers who do make money in their spare time Unfortunately it costs more than a penny to make a penny so the whole process seems somewhat counterintuitive Next door at the Royal Bank the Glooper an analogy machine has scientifically established that one never has quite as much money at the end of the week as one thinks one should and the bank s chairman one elderly Topsy n e Turvy Lavish keeps two loaded crossbows at her desk Oh and the chief clerk is probably a vampire But before Moist has time to fully consider Vetinari s question fate answers it for him Now he s not only making money but enemies too he s got to spring a prisoner from jail break into his own bank vault stop the new manager from licking his face and above all find out where all the gold has gone otherwise his life in banking while very exciting is going to be really really short
