Wisdom From The Western Isles The Making Of A Mystic:

Wisdom from the Western Isles David Torkington, 2008 First published in the 1970s in three separate volumes *Wisdom From the Western Isles* is the moving story of a young man James Robertson and his journey from loss and self doubt to spiritual understanding and mystical union **Wisdom from the Western Isles** David Torkington, 2015-01-30 When he loses his son and his wife in childbirth James is totally bereft An introduction to a hermit gradually changes his life irrevocably Although the Hermit turns out to be a Roman Catholic James finds he can completely identify with his profound spirituality precisely because it is so scriptural and drawn from the same Christian Masters who had originally inspired him

Wisdom from the Christian Mystics: How to Pray the Christian Way David Torkington, 2018-01-26 When Quietism was condemned in 1687 it resulted in an antipathy if not an open hostility to authentic mystical theology This situation has lasted down to the present day and has been aggravated by many forms of counterfeit mysticism that are self centred not God centred The consequences have been disastrous To restore the balance lost to Christian spirituality the author returns to the profound mystical teaching that Jesus himself lived and handed on to the early Church through his disciples His research has resulted in a book that details a practical daily spirituality for all that mirrors that which was lived by our earliest Christian forebears It emphasises the original balance between personal and communal prayer in such a way that our whole lives become the place where we continually offer our lives through Christ to the Father **The Primacy of Loving** David John Torkington, 2022-12-09 When love is lost within a family catastrophic consequences follow That is not just for the parents but for the children too and society at large When the God given love that Jesus Christ introduced into the first Christian family was lost similar consequences ensued Loveless men and women not only do damage to themselves but to others too inside and outside of the Church This last spiritual and supreme masterpiece of a great spiritual master explains and details how the love that was lost can be put back and flourish where it once flourished before This book is the long awaited watershed that can slake the thirst of the dry weary land that has been yearning to receive it The British

Howard Green,1965 The late Renaissance in Spain was a period of progressive military diplomatic and social defeat and the spirit of the Spaniards moving from confidence to doubt reflected a growing disillusion with grandeur After an examination of optimism and pessimism in terms of the baroque period Professor Green discusses desenga o dillusion as a related and prevalent factor In its positive aspect disillusion was a form of wisdom that the Stoic Sapiens who was fully aware of what constituted the supreme good and was enticed by nothing else The factors are apparent in the Spanish attitude toward death When he writes in seriousness the Spaniard of the baroque period recognises death the obedient executor of the will of a just and merciful God Thus the concept of the Spanish seventeenth century as one of total despair collapses in the presence of the evidence adduced Far removed from attitudes of despondency the originality of Spain s literary accomplishments reached full tide in the baroque period a literary age characterized by the growth of a new sophistication The use of brilliant metaphor of allegory of double and triple meanings of words to form bridges of intellectual association is the result of a consistent growth that developed inevitably from the Renaissance style Publisher s description **Spain and the Western Tradition** Otis H.
