Institutions as Conscious Food Consumers, Sapna Elizabeth Thottathil, Annelies Goger, 2018-08-28: Institutions like schools, hospitals, and universities are not well known for having quality, healthy food. In fact, institutional food often embodies many of the worst traits of our industrialized food system, with long supply chains that are rife with environmental and social problems and growing market concentration in many stages of food production and distribution. Recently, however, non-profit organizations, government agencies, university research institutes, and activists have partnered with institutions to experiment with a wide range of more ethical and sustainable models for food purchasing, also known as values-based procurement. *Institutions as Conscious Food Consumers* brings together, in depth, case studies from several of promising models of institutional food purchasing that aim to be more sustainable, healthy, equitable, and local. With chapters written by a diverse set of authors, including leaders in the food movement and policy researchers, this book documents growing interest among non-profit organizations and activists in institutional food interventions through case studies and first-hand experiences. Highlights emerging evidence about how these new procurement models affect agro-food supply chains and examines the role of policy and regional or geographic identity in promoting food systems change. *Institutions as Conscious Food Consumers* makes the case that institutions can

use their budgets to change the food system for the better although significant challenges remain It is a must read for food systems practitioners food chain researchers and foodservice professionals interested in values based procurement Eat Well, Stay Well Reader's Digest Association (Canada),2003-09 **Bake and Destroy** Natalie Slater,2013-08-06 Vegan Recipes That ll Punch Your Taste Buds in the Mouth Natalie Slater has been described as Martha Stewart meets Iron Maiden taking vegan cooking to places it has never been before Influenced by slasher films pro wrestling punk rock and heavy metal her quirky yet delicious comfort foods are a refreshing take on vegan eating with award winning flavors Along the way her off color humor irreverent rants and density of pop culture references will make you laugh out loud Inside this high energy cookbook you ll find recipes for Bike Messenger Brownies inspired by the espresso infused chai latte these speed demons use to fuel up and Crouching Cornbread Hidden Broccoli Natalie s sneaky way of getting her son to eat vegetables Other creations include the Grilled Mac n Cheez Sandwich Taco Lasagna Chick O Cheesecake and her Shepherd s Pie Pizza about which she writes Some people were born to rock n roll Others were born to ride I was born to put mashed potatoes on pizza Bake and Destroy was named one of the most anticipated cookbooks of the year by VegNews The Everything Dutch Oven Cookbook Kelly Jagers,2016-08-05 Are you a fan of Dutch oven cooking and searching for some new recipes to put on the table Your search ends here The Everything Dutch Oven Cookbook features 300 recipes for easy to prepare dishes for all occasions No Excuses Detox Megan Gilmore,2017-02-21 From the powerhouse blogger behind Detoxinistadotcom here are 100 quick affordable and delicious whole food recipes that make it easy for you and your family to follow a healthy lifestyle In No Excuses Detox Megan Gilmore presents a collection of satisfying family friendly recipes developed with speed convenience and optimum digestion in mind Because enjoying what you eat on a daily basis is crucial to maintaining health goals these recipes for comfort food favorites from Freezer Oat Waffles Butternut Mac n Cheese Quinoa Pizza Loaded Nacho Dip and Avocado Caesar Salad to Frosty Chocolate Shakes No Bake Brownie Bites and Carrot Cake Cupcakes taste just as good as their traditional counterparts but are healthier versions packed with nutrients Megan Gilmore sharply identifies many of the reasons people fail to stick to a healthy diet too busy budget conscious cooking for picky eaters concerns about taste or fullness and more addressing them head on and offering simple solutions This beautifully packaged and artfully photographed book gives readers no excuse to not eat well year round **Michigan Farmer and Livestock Journal** ,1909
