Sherlock Holmes and the Frightened Golfer J.M. Gregson, 2004 *The Alternative Sherlock Holmes* Peter Ridgway Watt, Joseph Green, 2017-03-02 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great Canon has become the most praised most studied and best known chapter in the history of detective fiction Over twenty thousand publications pertaining to the Sherlock Holmes phenomenon are known to have been published most of them historical and critical studies In addition however almost since the first stories appeared such was their uniqueness and extraordinary attraction that other authors began writing stories based on or derived from them A new genre had appeared pastiches parodies burlesques and stories that attempted to copy or rival the great detective himself As the field widened there was hardly a year in the twentieth century in which new short stories or novels did not appear Many hundreds are now known to have been published some of them written by authors well known for their work in other literary fields The non canonical Sherlock Holmes literature not only constitutes a literary field of considerable historical interest but includes many stories that are both enjoyable and fascinating in their own right Although a large bibliography on these stories exists and a few limited anthologies have been published no attempt has previously been made to collect them all and discuss them comprehensively The Alternative Sherlock Holmes does so it provides a new and valuable approach to the Sherlock Holmes literature as well as making available many works that have for years remained forgotten Presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories in the field **The Haunted Golf Club** Pasquale De Marco, 2025-04-26 In the heart of London where verdant fairways meet ancient secrets lies Royal Blackheath Golf Club a sanctuary for golf enthusiasts and a battleground for supernatural forces When strange occurrences and unexplained phenomena begin to haunt the greens the club's tranquility is shattered and its members find themselves caught in a web of mystery and fear Enter our intrepid investigators a team of experts determined to unravel the enigma that has befallen Royal Blackheath With meticulous precision they examine clues interrogate suspects and follow a trail that leads them to the heart of a long forgotten evil As they delve deeper into the darkness they uncover a hidden history steeped in secrets legends and folklore blurring the lines between the rational and the supernatural Their journey takes them through the annals of time where they encounter tales of ancient curses ghostly apparitions and malevolent entities that guard the secrets of the club As they piece together the puzzle they must confront their own fears and prejudices in order to uncover the truth that lurks beneath the surface In this captivating narrative we explore the complex relationship between humanity and the game of golf We delve into the psychological factors that drive golfers to strive for perfection the thrill of competition and the challenges and rewards that the game presents Golf becomes a metaphor for life itself reflecting our triumphs our struggles and our relentless pursuit of excellence As the story reaches its climax we witness a showdown between good and evil justice and injustice The fate of Royal Blackheath Golf Club hangs in
