Rhythm Section

The SX6500's rhythm section provides a rich accompaniment with 888 pattern variations containing up to 16 parts each.

These accompaniments are the result of extensive research & development by engineers and musicians to produce a rich musical backing arrangement from even the simplest of chord progressions. You can also create and store 32 of your own patterns in the custom rhythm group and use them just like the preset rhythms, or load new patterns from optional music software on floppy disk.

Custom Rhythm Screen

Choose the Right Musical Style with Ease

A Technics 'Style' is the combination of an accompaniment pattern and a suitable registration. The Music Style search function makes it quick and easy to find the style you want from the 1,000 preset styles that are available. You can search by

category, alphabetical order or musical era. You can also create your own styles using the Custom Styler. It's as easy as combining a composer pattern with a panel memory.

Customize Function

This function lets you personalize the LCD's home screen in much the same way that you'd customize the desktop of your computer -- you can even add a picture. It also allows you to personalize and place your favorite sounds, rhythms, styles, and tempo shortcuts into one of four 'favorites' pages for future recall.

Separate DSP Effects & Mixing

You can easily enhance DSP Effects separately to Right 1, Right 2, Left and APC parts, as well as add guitar effects like Chorus and Reverb. The SX6500 is equipped with both a global sound equalizer and separate equalization functions for each part, so you can create studio like mixes with excellent sound quality.

Cool Features

Real Time Sound Controller

The sound controller lets you modify sound levels, panning and other effects in real-time while you perform.

Voice Simulator

The voice-driven DSP processor produces outstanding breath sounds. Just hook up an optional microphone and you can 'sing' your own great-sounding trumpet solo!

Vocal Harmonizer

Add vocal harmonies to your voice that are matched to the APC chord or the chord track or DAP songs.

The SX6500 is the ultimate mix offer from that comes on the whole market.
