Internet today with the Internet and the present day networking distance doesn't matter at all. The COVID 19 pandemic has resulted in a tough time worldwide with global lockdown, locked homes, empty streets, stores without consumers, and offices with no or fewer staff. Thanks to the modern digital networks, the culture of work from home (WFH) or working remotely with the network Internet connection has come to the fore, with even school and university classes going online. Although WFH is not new, the COVID 19 pandemic has given it a new look, and industries are now willfully exploring WFH to extend it in the future. The aim of this book is to present the timeline of networking to show the developments made and the milestones that were achieved due to these developments.
