Spain,2019-02-16 *Leadership Work and the Dark Side of Personality* uses an interpersonal psychological perspective to unite general theories of both personality and leadership By focusing in on the interpersonal the book characterizes social behaviors by their agency how dominant they are and by their communion how relational and nurturing they are It argues that these interpersonal dimensions align closely with the traditional structure of leader behaviors both task related and relationship oriented behaviors and uses those frameworks to orient trait theory for both normal range personality traits and subclinical dark side traits After overviewing the history of leadership theory reviewing normal range personality traits Extraversion Neuroticism Conscientiousness Agreeableness and Openness and subclinical traits such as the Dark Triad Narcissism Machiavellianism and Psychopathy the book moves on to thoroughly

bring the perspective of interpersonal psychology to bear on questions of personality and leadership and ends by narrowing in on how the dark side of personality affects the leadership process for better and for worse Discusses the role of personality in job performance and satisfaction Critiques both historical and contemporary leadership approaches Includes lesser known approaches to leadership such as paternalism and empowerment Narrows in on the dark side of personality and the role it plays in the leadership process Distinguishes between effective leaders and successful leaders **Dangerous Liaisons**

Claudia Moscovici, 2011-11-15 What do Scott Peterson Neil Entwistle and timeless literary seducers epitomized by Don Juan and Casanova have in common They are charismatic glib and seductive men who also embody the most dangerous human qualities a breathtaking callousness shallowness of emotion and the incapacity to love In other words these men are psychopaths Unfortunately most psychopaths don't advertise themselves as heartless social predators They come across as charming intelligent romantic and kind Through their believable mask of sanity they lure many of us into their dangerous nets *Dangerous Liaisons* explains clearly what psychopaths are why they act the way they do how they attract us and whom they tend to target Above all this book helps victims find the strength to end their toxic relationships with psychopaths and move on stronger and wiser with the rest of their lives **Organized Crime, Corruption and Crime Prevention**
