Subcommittee on Africa, Global Health, Global Human Rights, and International Organizations, 2015 **Democracy, Elections, and Constitutionalism in Africa** Charles M. Fombad, Nico Steytler, 2021-03-18 The third wave of democracy that reached African shores at the end of the Cold War brought with it a dramatic decline from 1990 onwards in dictatorships military regimes one party governments and presidents for life Multiparty democracy was at the core of the constitutional revolutions that swept through most of Africa in those watershed years However that wave is either losing momentum or receding or being reversed in its entirety This volume examines democracy and elections in Africa a focus motivated by two concerns First after 30 years it is important to take stock of the state of constitutional democracy on the continent The democratic gains of the 1990s and 2000s seem to be falling by the wayside with the evidence mounting that regimes are concealing authoritarianism under the veneer of elections doing so in an international context where populist regimes are on the rise and free and fair multiparty elections are consequently no longer a given It is becoming a battle to protect and retain constitutional democracy The second reason for this volume's focus on democracy and elections is that multiparty democracy is essential for the proper functioning of the state in addressing the major problems facing Africa internal conflict inequality and lack of development and poor governance and corruption The focus of this volume is thus on how competitive politics or multiparty democracy can be realized and how through competition such politics could lead to better policy and practice outcomes **Global Tuberculosis Report 2018** World Health Organization, 2018-11-20 WHO has published a global TB report every year since 1997 The main aim of the report is to provide a comprehensive and up to date assessment of the TB epidemic and of progress in prevention diagnosis and treatment of the disease at global regional and country levels This is done in the context of recommended global TB strategies and targets endorsed by WHO's Member States and broader development goals set by the United Nations UN The 2018 edition of the global TB report was released on 18 September in the lead up to the first ever UN High Level Meeting on TB on 26 September 2018 *SADC Gender Protocol 2019 Barometer* Morna, Colleen Lowe, Rama, Kubi, 2019-08-23 Scoring another goal for gender equality the 2019 Southern African Development Community SADC Gender Protocol Barometer

breaks with past tradition in focusing solely on Sexual and Reproductive Health and Rights Measuring 100 indicators across seven themes the Barometer is the first civil society shadow report on SADC's new SRHR Strategy Score Card ranking countries based on their performance while offering detailed analysis and insights into what is changing and still needs to change The no hold barred VoiceandChoice Barometer features the first stand along chapters on Adolescent Sexual and Reproductive Health and Rights Safe Abortion and Sexual Diversity It provides the data that underpins 40 national campaigns led the focal networks of the Southern African Gender Protocol Alliance and 174 local campaigns led by the Centres of Excellence for Gender in Local Government A must read for all those committed to Action and Results for Agenda 2030 in the SADC region
