Pribush, Robert Fay, 2000-12-27

Understanding Physics Like a Nerd Without Becoming One & More Kalayu Belay, James Strohaber, 2018-01-10 Understanding Physics Like a Nerd Without Becoming One it is written to generate a smile here and there Sometimes it may even challenge your intuition The authors truly believe that everyone can understand and learn some people's attitudes towards learning different subjects including perhaps especially physics just need to be shifted slightly The authors have written this book with a conscious understanding of people's apprehensions towards physics It is our conviction that anyone interested in learning physics who chooses this book may be surprised to discover how much he or she is capable of understanding the subject The major requirement for reading this book is to have an open mind and to engage in it fully By doing so you may surprise yourself and the world around you by not only understanding physics but by excelling in it as well
