Wilde's Intentions Lawrence Danson,1997 What were Wilde s intentions They had always been suspect from the time of Poems when the charge was plagiarism to his trials when the charge was sodomy In Intentions 1891 and in two related essays The Portrait of Mr W H and The Soul of Man Under Socialism Wilde s epigrammatic dazzle and paradoxical subversions both reveal and mask his designs upon fin de si cle society In the first extended study of Wilde s criticism Lawrence Danson examines these essays dialogues fictions and assesses their achievement He sets Wilde s criticism in context showing how the son of an Irish patriot sought to create a new ideal of English culture by elevating lies above history leveling the distinction between artist and critic and ending the sway of natureu over liberated human desire The Faith of the Faithless Simon Critchley,2014-02-04 The return to religion has perhaps become the dominant cliché of contemporary theory which rarely offers anything more than an exaggerated echo of a political reality dominated by religious war Somehow the secular age seems to have been replaced by a new era where political action flows directly from metaphysical conflict The Faith of the Faithless asks how we might respond Following Critchley s Infinitely Demanding this new book builds on its philosophical and political framework also venturing into the questions of faith love religion and violence Should we defend a version of secularism and quietly accept the slide into a form of theism or is there another way From Rousseau s politics and religion to the return to St Paul in Taubes Agamben and Badiou via explorations of politics and original sin in the work of Schmitt and John Gray Critchley examines whether there can be a faith of the faithless a belief for unbelievers Expanding on his debate with Slavoj Zizek Critchley concludes with a meditation on the question of violence and the limits of non violence Love to Hate Jody Roy,2002-08-27 Why is the simple impulsive question we ask when confronted by horrible acts of hatred and violence Why do students shoot fellow students or employees their coworkers Why do mothers drown their children or husbands stalk and kill their wives Love to Hate challenges us to turn this question upon ourselves at a deeper level Why as a culture are we so fascinated by these acts Why do we bestow celebrity on the perpetrators while allowing the victims to fade into a second death of obscurity Are we as Pope John Paul II famously accused a culture of death And if so how can we break free of this unacknowledged aspect of the cycle of violence Unlike those who point solely to media imagery splintered families or lax gun control laws in search of the roots of America s endemic violence

Jody M Roy suggests that we all must be held responsible. She argues that we reveal our love affair with hatred and violence in the ways we think and speak in our daily lives and in our popular culture. The very words we use function as building blocks of callousness and contempt betraying our immersion in subtexts of violence and hatred. These subtexts are further revealed in our complex attitudes toward street gangs, school shooters, serial killers, and hate groups and the paroxysms of violence they unleash. As spectators driven by our impulse to watch, we become an integral part of the equation of violence. In the book's final section, *Freeing Ourselves of Our Obsession with Hatred and Violence*, Roy offers practical steps we can take as parents, consumers, and voters to free ourselves from linguistic and cultural complicity and to help create in America a culture of life.

Homosexuality and Literature: 1890-1930 Jeffrey Meyers, 2016-10-06 Although artists are nowadays able to be openly gay and to address homosexuality explicitly in their work, this book argues that it was the harsh climate of 1890-1930 that produced the most outstanding explorations of homosexuality. To support his argument, Meyers illuminates the character and creative process of a range of authors of the period, including Wilde, Gide, Proust, E. M. Forster, and T. E. Lawrence, and analyses the sexual problems that were sublimated and transcended in their art.

Love, Sex, Gender, and Superheroes Jeffrey A. Brown, 2021-11-19 Impossibly muscular men and voluptuous women parade around in revealing skintight outfits, and their romantic and sexual entanglements are a key part of the ongoing drama. Such is the state of superhero comics and movies, a genre that has become one of our leading mythologies, conveying influential messages about gender, sexuality, and relationships. *Love, Sex, Gender, and Superheroes* examines a full range of superhero media, from comics to films to television to merchandising. With a keen eye for the genre's complex and internally contradictory mythology, comics scholar Jeffrey A. Brown considers its mixed messages. Superhero comics may reinforce sex roles with their litany of phallic musclemen and slinky femme fatales, but they also blur gender binaries with their emphasis on transformation and body swaps. Similarly, while most heroes have heterosexual love interests, the genre prioritizes homosocial bonding, and it both celebrates and condemns gendered and sexualized violence. With examples spanning from the Golden Ages of DC and Marvel comics up to recent works like the TV series *The Boys*, this study provides a comprehensive look at how superhero media shapes our perceptions of love, sex, and gender.

The Quality of Life Richard Pine, 2021-06-09 These essays represent a selection of 40 years' commentary on the political dimensions of cultural life. They address the entire spectrum of culture, from theories of international communication to the provision of cultural and leisure facilities at local level. As a former consultant to the Council of Europe, the author has developed a penetrating insight into the decision-making process between local authorities and citizens' groups, which is discussed in two seminal papers from the 1980s which pioneered the concept of Cultural Democracy. In addition, the book's close readings of novels and plays by Irish and Greek writers explore the way that all writing and forms of self-expression have a political message and repercussions.

The World, the Text, and the Critic Edward W. Said, 1983 Said demonstrates that critical discourse has been strengthened by the writings of Derrida and

Foucault and by influences like Marxism structuralism linguistics and psychoanalysis But he argues these forces have compelled literature to meet the requirements of a theory or system ignoring complex affiliations binding the texts to the world

A Shift in the Portrayal and Reception of Homosexuality from the Victorian to the Modern Period Darby Dyer,2024-12-15 A Shift in the Portrayal and Reception of Homosexuality from the Victorian to the Modern Period explores how the reception of homosexuality in literature evolved and morphed greatly from the late 19th century to the 20th century and how the gender of the author played a particularly important role Victorian society scorned and punished gay men to a harsher degree due to the subversive taboo and emasculating nature of male homosexuality as evident in the reception of Oscar Wilde s The Picture of Dorian Gray In contrast the Modern period saw a positive portrayal and reception of homosexuality in Virginia Woolf s Mrs Dalloway Modern society as well as Victorian society accepted same sex female relationships under the assumption that women were incapable of engaging in sexual acts an assumption influenced by Queen Victoria Thus on the surface both societies tolerated female homosexuality in literature However this distorted tolerance was a limiting and silencing force Darby Dyer compares the homosexuality in the works and lives of Wilde and Woolf to other authors during their time periods to address how far queer representation has come in literature and other arts She concludes with a call to action that the fight is not over

Imitations of Life Louise McReynolds,Joan Neuberger,2002-03-29 Uses the under studied genre of melodrama as a critical prism for understanding Russian Soviet history politics and culture in particular the uses to which popular culture was put in the Soviet period

Cultural Politics at the Fin de Siècle Sally Ledger,Scott McCracken,1995-02-02 Cultural Politics at the Fin de Siècle scrutinises ways in which current conflicts of race class and gender have their origins in the cultural politics of the last fin de siècle whose influence stretched from the 1890s when economic depression signalled the end of Britain s role as the workshop of the world to 1914 when world war accelerated imperial decline This collaborative venture by new and established scholars includes discussion of the New Woman the reconstruction of masculinities and of feminism and empire The imperialist theme is pursued in essays on Yeats and Ireland Gilbert and Sullivan and the figure of the vampire The rise of socialism and psychoanalysis and the relationship between nascent modernism and late twentieth century postmodernism are also addressed in this radical account

Dust that dances in a ray of light Lisa Luzzi,2019-11-18 Of all the works of Oscar Wilde his long letter written

during imprisonment entitled *De Profundis* is perhaps less known but without a doubt it is the richest and truest of all his bibliography *De Profundis* is like a photograph showing a perfect correspondence between art and life that in Wilde became tragedy a place in which words have the unbearable weight of the truth Each page is filled with pain and hope and the author digs in this interpretation absolutely unique and original in a mosaic of lives and events that will show the most human aspects of a writer who incisively marked an age Analysing this long letter is like attending a play in which at every act a different character offers us the sight on his life And Oscar on the entry threshold with his lilac carnation smokes a cigarette and tells us his truest story

Oscar Wilde's Aesthetic Education Leanne Grech, 2019-04-06 This book focuses on the role that the Oxford classical curriculum has had in shaping Oscar Wilde's aestheticism It positions Wilde as a classically trained intellectual and outlines the path he took to gain recognition as a writer and promoter of the aesthetic movement This narrative is conveyed through a broad range of literary sources including Wilde's travel poetry American lectures and canonical works like *The Critic as Artist* *The Soul of Man* *The Picture of Dorian Gray* and *De Profundis* This study proposes that Wilde approached aestheticism as a personalised self directed learning experience a mode of self culture which could be used to maintain an intellectual life outside of the university It also explores Wilde's thoughts on education and considers the significance of male friendship at Oxford and in Wilde's life and literature
