The British National Bibliography Arthur James Wells, 2003 Maintenance Manual & Instruction Book for Tomos Automatic ,1972 **New Serial Titles** ,1996 A union list of serials commencing publication after Dec 31 1949 **A Toolbox for the Application of the Rules of Targeting** Tetyana (Tanya) Krupiy, 2016-02-29 How military commanders interpret the rules of targeting impacts not only on whether civilians and civilian objects are harmed in the course of a

military operation but also on the scale of harm that ensues Commentators have queried whether military commanders observed the law even when parties to a conflict acted in accordance with mandates to protect civilians as was the case when a coalition of states bombed targets in Libya in 2011 However limited guidance is publicly available on how military commanders apply these rules on the battlefield In order to allow military commanders to exercise judgment in determining what steps they are required to take to spare civilians in a specific set of circumstances the rules of targeting are formulated in an open ended fashion which complicates one s ability to evaluate whether a particular military operation complies with the law By examining case studies ranging from Operation Desert Storm in 1991 to Operation Protective Edge in 2014 this book addresses lacunae in current scholarship It puts forward principles which capture how military commanders deliberate while interpreting what the rules of targeting require in particular scenarios International humanitarian law this book contends places a duty on attackers to assume risk in order to mitigate danger to civilians Drawing on the field of psychology this study provides an explanation of how military commanders assess when circumstances do not permit them to inform civilians about a forthcoming attack

Manual de escritura académica PRAT FERRER, JUAN JOSÉ, PEÑA DELGADO, ÁNGEL,2015-01-01 Manual de escritura académica es un libro pensado específicamente para guiar a los estudiantes universitarios en el desarrollo de sus textos Su objetivo es ayudarles paso a paso en la correcta construcción de sus trabajos escritos en cualquiera de sus posibles variedades desde exámenes hasta ensayos o artículos Su estructura está especialmente pensada para que la guía sea útil desde el momento de pensar el tema del trabajo hasta el de entregar el manuscrito siguiendo el hilo conductor de sus capítulos el estudiante aprenderá a mejorar o afianzar sus habilidades para la recogida de información elaboración del discurso disposición de citas notas o presentación de bibliografías Ofrece un extenso número de textos reales para la elaboración de ejemplos y ejercicios Se trata de fragmentos que por su publicación tienen el estatus del estudiante académico Asimismo con este manual el estudiante universitario se familiariza con los requisitos generales de las guías de estilo adoptadas internacionalmente tales como el sistema Harvard el MLA o el APA Centrada en la correcta construcción de un texto académico este manual es útil para estudiantes de cualquier disciplina universitaria

The Academy and Literature ,1915

The 1st International Conference on Advanced Intelligent Systems and Informatics (AISII2015), November 28-30, 2015, Beni Suef, Egypt Tarek Gaber,Aboul Ella Hassanien,Nashwa El-Bendary,Nilanjan Dey,2015-11-09 The conference topics address different theoretical and practical aspects and implementing solutions for intelligent systems and informatics disciplines including bioinformatics computer science medical informatics biology social studies as well as robotics research The conference also discusses and presents solutions to the cloud computing and big data mining which are considered hot research topics The conference papers discussed different topics techniques models methods architectures as well as multi aspect domain specific and new

solutions for the above disciplines The accepted papers have been grouped into five parts Part I Intelligent Systems and Informatics addressing topics including but not limited to medical application predicting student performance action classification and detection of dead stained microscopic cells optical character recognition plant identification rehabilitation of disabled people Part II Hybrid Intelligent Systems addressing topics including but not limited to EMG signals text classification geomagnetic inverse problem email filtering Part III Multimedia Computing and Social Networks addressing topics including but not limited to augmented reality telepresence robot video flash matting community detection quality images face thermal image extraction MRI tumor segmentation Part V Cloud Computing and Big Data Mining discussing topics including but not limited to mining on microblogs query optimization big data classification access control friendsourcing and assistive technology Part VI Swarm Optimization and Its Applications addressing topics including but not limited to solving set covering problem adaptive PSO for CT liver segmentation water quality assessment attribute reduction fish detection solving manufacturing cell design problem

Tomos Automatic ,1972 **Manual de identificación de especies maderables objeto de comercio en la Amazonia colombiana** René López Camacho,Dairon Cárdenas López,2002-12-10 El Manual de identificación de especies maderables objeto de comercio en la Amazonia colombiana es una herramienta técnica que permite a las autoridades ambientales policivas y judiciales disponer de una serie de elementos que faciliten la identificación de especies maderables objeto de comercio que se encuentran incluidas en los Apéndices de la CITES y o bajo algún grado de amenaza en el país En términos generales cuando las autoridades ambientales realizan controles a la movilización de madera recurren al nombre comercial o común con que se denota en la región Posteriormente se pueden conjugar elementos como la procedencia la información del permiso de movilización y la utilización de características generales de la madera para tener una aproximación al nombre científico de la especie En todos los casos se evalúa la legalidad de movilización y comercio este o no listada la especie en los Apéndices de la CITES Aunque el manual constituye una herramienta fundamental para las autoridades ambientales tanto en la identificación de maderas objeto de comercio en caso de dudas persistentes en relación con la especie y la necesidad de un informe pericial ser necesario recurrir a especialistas en identificación anatómica de maderas o a la corroboración mediante muestras botánicas o de propiedades físicoquímicas de la madera El manual busca facilitar la identificación de las especies analizadas para su conservación manejo y protección en el marco de las políticas trazadas por la CITES asimismo permitir a las autoridades aduaneras ambientales y policivas fortalecer los controles al comercio de las especies maderables en la región identificando con facilidad las más comercializadas en la zona

Gun Violence, Disability and Recovery Cate Buchanan, Editor,2014-01-24 Gun violence intentional self directed or accidental is a profoundly traumatic experience From physical injuries to unseen psychological scars and permanent impairments it irrevocably changes people's lives Gun violence does not just the individual shot or threatened Secondary victimisation also includes relatives friends colleagues caregivers and perhaps controversially

perpetrators themselves Gun Violence Disability and Recovery provides the first overview of the rights and needs of survivors of gun violence The collection contains contributions from gun violence survivors trauma surgeons disability rights activists rehabilitation specialists violence prevention and reduction experts development practitioners and gender justice advocates From countries with low resource levels to those already equipped with state of the art rehabilitation centres this innovative publication provides policymakers practitioners government officials and donors with timely analysis on what could be done differently to meet the needs and rights of survivors of gun violence This volume speaks to me both as a government official and as a survivor of gun violence I know first hand how painful the aftermath of such a life changing event can be But I also know it is possible to recover and make a positive difference in society I hope this book will inspire other survivors to follow this path

Len n Moreno Garc s Vice President Ecuador Little attention has been paid to the fact that for every person killed by gun violence as many as six victims will survive often with severe disabilities The long term physical and psychological damage social and economic impacts can no longer be overlooked Bringing together voices of survivors as well as health medical rehabilitation and legal concerns this book represents a significant step forward outlining key issues for policy practice and intervention It is a must read for anyone concerned about human rights and violence and that should mean all of us

Nora Ellen Groce Director Leonard Cheshire Disability Inclusive Development Centre University College London UK Every year hundreds of thousands of victims of gun violence together with their families experience the real costs of the availability and misuse of arms in our communities For these victims to attain their basic human rights so often denied them we need a better understanding of their predicament challenges and needs Gun Violence Disability and Recovery with its comprehensive overview and analysis will critically inform our efforts to develop and implement better policies and practices to enhance the realisation of the rights of survivors of armed violence including implementation of the Arms Trade Treaty

Espen Barth Eide former Minister of Foreign Affairs Norway The reality of survivors of gun violence my reality is so often lost in narrow political and economic interests This volume gives me hope that attention to life after gun violence will begin to receive long overdue attention and contribute to the long haul effort of improving services for survivors as well as working towards accountability about the arms trade

Shelley Barry filmmaker South Africa International development goals including the Millennium Development Goals will not be achieved if the rights of people with disabilities are not met Through a broad range of case studies and examples from low and middle income countries this book shows us how States could do better Let us hope that its message is heard

As a [National Forest Inventories](#) Claude Vidal,Iciar A. Alberdi,Laura Hernández Mateo,John J. Redmond,2016-11-24 The book presents the current state and good practices of national forest inventories in monitoring wood resources and demonstrates pathways for harmonisation and improved common reporting Beyond a general overview over availability and use of wood resources in different countries it provides a unique collection of original contributions from national forest inventory experts with in depth descriptions of current NFI methods in assessing wood

availability and wood use in European countries and selected countries from America and Asia The main topics are national definitions and improvements in common reporting of forests available for wood supply stem quality and assortments estimation of change including growth and drain and tree resources outside forest land The book is a must have for everyone who is contributing to national forest inventories either methodologically or operatively for people who want or need to understand national forest inventory provided data and information on the availability of wood resources By providing profound knowledge it is a valuable basis for scientists involved in scenario modelling and analysing effects of climate change as well as individuals in private organisations and public administrations promoting the sustainable use of natural resources and the potential of green economy

History of Forensic Medicine Burkhard Madea, 2017-01-01 Forensic Medicine is an old medical discipline defined as that science which teaches the application of every branch of medical knowledge to the purpose of the law Alfred Swaine Taylor Forensic Medicine deals with medical evidence not only in practice but also in research and furthermore all legal essentials in health care especially for doctors are part of teaching training and research Several steps in the development of Forensic Medicine can be distinguished At first the use of medical knowledge for legal and public purposes Secondly the compulsory medical testimony for the guidance of judges Thirdly the professionalization as an own academic discipline The development and existence of a speciality of Forensic Medicine depends essentially on two factors on a sufficiently high development of the law and on a sufficiently high development of medicine The period of professionalization of Forensic Medicine as an own academic discipline started in the 19th century especially in Paris Vienna London Edinburgh Berlin Since then the world has changed dramatically and we are now witnesses of a rapid deep rooted social cultural legal and technological transformation Already 40 years ago Professor Bernhard Knight wrote in a survey on legal medicine in Europe In all aspects of life the exchange of information on an international level can do nothing but good and legal medicine is no exception This book on the History of Forensic Medicine is an approach in this direction Forensic Medicine has a long and rich tradition since medical expertise has to face legal questions and new questions and developments raised by the society The aim of this book is to address the state of Forensic Medicine in different countries worldwide With contributions from Europe China Japan the United States and the United Arab Emirates
