Issues in Materials Development Maryam Azarnoosh, Mitra Zeraatpishe, Akram Faravani, Hamid Reza

Kargozari, 2016-03-22 *Issues in Materials Development* provides readers with theoretical foundations and practical aspects of designing materials for EFL/ESL contexts. It starts with discussing some basic and preliminary principles of materials design followed by scrutinizing critical issues in materials development in an objective and systematic way. This ranges from considering learners' needs adopting selection and gradation of materials to the specific focus of the book on developing various types of materials for the four language skills: pronunciation, ESP vocabulary, and computer-assisted language learning materials. Authenticity of materials to be designed and the inclusion of affective factors to develop motivating materials to engage language learners in addition to features of materials design at a universal level are other areas to read about. This book finally tries to open new horizons and possible futuristic approaches to improve today's ELT materials.

Ichiro Suzuki, 2nd Edition David S. Leigh, 2012-08-01

Ichiro Suzuki was the first Japanese position player (non-pitcher) to make it into the American Major Leagues. People thought that the Japanese couldn't handle the power and speed of American pitchers. Ichiro proved them wrong. Now in his fourth season, Ichiro has shown that he can hit anything thrown his way and is as good if not better than many of his American contemporaries. His love of the game, amazing skill, and crowd-pleasing antics have won him a following of fans around the world.

Church Administration Robert H. Welch, 2011-07-15 For churches and religious nonprofit operations, the business of business is not business; it is ministry. Still, such institutions have to make plans. Because skilled organization is needed to accomplish specific tasks, a leader must train and motivate workers in progress and effectiveness. This second edition of *Church Administration* helps pastors and church staff become effective and efficient leaders, managers, and administrators. Among the topics discussed are Administration, Documents, Organizing the Church, Administering Personnel Resources, Financial Resources, Physical Resources, and Administering Risk Management. Writing for students as well as those already in this line of work, author Robert H. Welch promises: "If you understand the tenants of general administration and the techniques of ministerial leadership, your job will be made significantly easier."

Morrow, 2017-03-28 The single best volume I have ever read for preparing students for how to follow Jesus and flourish as his disciple in college. J. P. Moreland: Is there a more frightening question for a graduating high school senior than "What will you do with your life in college, whether they realize it or not?" Students will answer that question every day with each decision. All of the new friends and new experiences of higher education will shape their future. It's critical that students know how to handle college before they're in the thick of it. Jonathan Morrow tackles the tough questions that arise during these formative years, including: How do you grow spiritually? How do you manage your time to both study well and have fun? Is all truth relative? Are there good reasons to be a Christian? As a Christian, how should you view issues like dating and sex? Each chapter
