Lean in the Classroom Vincent Wiegel, 2019-08-22 The current way of organizing education is not tenable in the coming decade We need to address how we teach how we organize schools how we increase the effectiveness of learning how we construct classrooms and how we deploy new technologies Lean management philosophy has been successfully applied across many industries from manufacturing to healthcare financial services and construction Recently interest in Lean has steadily increased in the education sector as it was originally introduced in that area s administrative and support processes Currently the introduction of Lean and its potential in education is gaining wider exposure because of massive looming changes for example the introduction of technology in education as EdTech within the traditional system and as MOOCs demographic changes budget pressure new pedagogies the entrance of more and more private providers and changing demands of society and industry on the curriculum What is missing is a joint framework that will allow schools teachers directors and boards to harness the potential of these developments and then execute a strategy Lean Education LE offers the potential to streamline the execution of strategy and teaching It accelerates the development of new courses and studies that are closely aligned to the needs of students It supports the integration of new technologies without overburdening teachers and staff Lean in the Classroom brings all these elements together into a coherent framework so schools can make necessary changes in one concerted effort Teaching professional support managing the daily work and changing the way schools function are brought together as a schoolwide strategy to organize learning in a way that serves our students by making the most of their talents This book is the first to define LE in all its aspects course design actual teaching and learning processes school management and the organization of supporting processes It is firmly based on the Lean management philosophy in conjunction with pedagogy The book draws on both scientific research in the field of Lean management in general and Lean education in

particular In addition it is predicated on many years of hands on experience applying Lean both inside and outside the education sector

The Conviction to Lead Albert Mohler, 2023-09-19 Change the Way You Think about Leadership At the age of thirty three Dr Albert Mohler became the youngest president in the 164 year history of Southern Baptist Theological Seminary He was the driving force behind the school s transformation into a thriving institution with an international reputation characterized by a passionate conviction for truth In the process he became one of the most important and prominent Christian voices in contemporary culture What will it take to transform your leadership Effective leaders need more than administrative skills and vision They need to be able to change the hearts and minds of those they lead Leadership like this requires passionate beliefs that can stand up to pressure from without and within In this updated edition Dr Mohler has added a new introduction and conclusion based on an additional 10 years of leadership He has also completely rewritten the chapter The Digital Leader The Conviction to Lead will crystallize your convictions while revolutionizing your thinking your decision making your communication and ultimately those you lead Dr Al Mohler has written a book that shakes us up and challenges our thinking The Conviction to Lead is poised to become one of the all time classic works on Christian leadership

JIM DALY President Focus on the Family Having rarely thought about leadership I was hooked from the first chapter to my complete surprise This is a powerful book and gracefully written
