Clarkson, 2011-11-01 The Liberal Party of Canada has governed for 78 of the last 110 years making it the most successful
political party in the world How has one party been able to dominate the polls during such a tumultuous sweep of history Will
it continue to win In The Big Red Machine astute Liberal observer Stephen Clarkson tells the story of the Liberal Party's
performance in the last nine elections providing essential historical context for each and offering incisive behind the scenes
detail about how the party has planned changed and executed its successful electoral strategies Arguing that the Liberal
Party has opportunistically straddled the political centre since Sir John A Macdonald leaning left or moving right and as
circumstances required Clarkson also shows that the party's grip on power is becoming increasingly uncertain having lost its
appeal not just in the West but now in Quebec Its campaigns now reflect the splintering of the party system and the
integration of Canada into the global economy An ideal political primer deftly written and filled with a wealth of fact and
analysis The Big Red Machine is a fascinating history of Liberal pragmatism communication tactics and dramatic changes in
leadership style Even if the last century did not belong to Canada Canada turns out to have belonged to the Liberal Party
Clarkson concludes Although he foresees considerably less rosy prospects for Grits in the years ahead the big red machine
remains a formidable political force [A History of the Township and Manor of Clayton-le-Moors, Co. Lancaster](#) Richard
