Vol. 2 includes itineraries (England) by F. Parry and P. LeNeve** Great Britain. Royal Commission on Historical Manuscripts, 1909 A calendar of the correspondence of the Perceval family from the beginning of the reign of Charles I to the end of that of Anne Vol 1 included also the original entry book of the court of Castle chamber Dublin 1573 1620 Translation and Adaptation in Theatre and Film Katja Krebs, 2013-08-15 This book provides a pioneering and provocative exploration of the rich synergies between adaptation studies and translation studies and is the first genuine attempt to discuss the rather loose usage of the concepts of translation and adaptation in terms of theatre and film At the heart of this collection is the proposition that translation studies and adaptation studies have much to offer each other in practical and theoretical terms and can no longer exist independently from one another As a result it generates productive ideas within the contact zone between these two fields of study both through new theoretical paradigms and detailed case studies Such closely intertwined areas as translation and adaptation need to encounter each other's methodologies and perspectives in order to develop ever more rigorous approaches to the study of adaptation and translation phenomena challenging current assumptions and prejudices in terms of both The book includes contributions as diverse yet interrelated as Bakhtin's notion of translation and adaptation Bollywood adaptations of Shakespeare's Othello and an analysis of performance practice itself arguably an adaptive practice which uses

a variety of languages from English and Greek to British and International Sign Language As translation and adaptation practices are an integral part of global cultural and political activities and agendas it is ever more important to study such occurrences of rewriting and reshaping By exploring and investigating interdisciplinary and cross cultural perspectives and approaches this volume investigates the impact such occurrences of rewriting have on the constructions and experiences of cultures while at the same time developing a rigorous methodological framework which will form the basis of future scholarship on performance and film translation and adaptation

The Intimate Way of Zen James Ishmael Ford, 2024-07-23 An intimate mystery encompasses you and tugs upon your heart what does it mean to follow that tug across the arc of a spiritual life Reflecting out of more than fifty years of practice in Zen Buddhism Unitarian Universalism and other contemplative traditions James Ishmael Ford invites us into a journey through life s mysteries and the stages of spiritual development Lightly structured by the archetypal Buddhist oxherding images Ford s exploration is rooted in the Zen way while being deeply enriched by various strains of world mysticism The book sprinkled with insights and quotes from Buddhist Daoist and Christian traditions serves

as a map and a companion to spiritual seekers or pilgrims whether within one religious tradition or cobbling together a way of one's own. Here is the most natural of all natural experiences writes Ford. In the midst of our suffering, our longing, our desperation, we capture a glimpse. Something touches us. And with that, if we are lucky and really notice some movement of some spirit within us, we turn our attention to the intimate way. *Appendix* Great Britain.
