S. White, 2015-09-10 Hamlet stands as a high water mark of canonical art yet it has equally attracted rebels and experimenters those avant garde writers dramatists performers and filmmakers who in their adaptations and appropriations seek new ways of expressing innovative and challenging thoughts in the hope that they can change perceptions of their own world One reason for this as the book argues is that the source text that is their inspiration was written in the same spirit Hamlet as a work of art exhibits many aspects of the vanguard movements in every society and artistic milieux an avant garde vision of struggle against conformity which retains an edge of provocative novelty Accordingly it has always inspired unorthodox adaptations and can be known by a neglected portion of the company it keeps the avant garde in every age After placing Hamlet alongside cutting edge works in Shakespeare s time such as Marlowe s Doctor Faustus and Kyd s The Spanish Tragedy chapters deal with the ways in which experimental writers theatre practitioners and film makers have used the play down to the present day to develop their own avant garde visions This is a part of the uncanny ability of Shakespeare s Hamlet to be ever now ever new **English Poetry ...
