A Dictionary of the English Language ... Mainly Abridged from the Latest Edition of the Quarto Dictionary of Noah Webster Noah Webster, 1872 **Defending the Land** Ronald Niezen, 2016-01-08 Suitable for both introductory anthropology and upper division courses in cultural anthropology The campaign of the Cree people to protect their forest culture from the impact of hydro electric development in northern Quebec has been widely documented Few have heard in any detail about this campaign s outcome and impact upon indigenous societies futures This text gives equal attention to the Cree leadership s successful strategies for dealing with major social and environmental pressures with the forces of acculturation and native communities social destruction The titles in the Cultural Survival Studies in Ethnicity and Change series edited by David Maybury Lewis and Theodore Macdonald Jr of Cultural Survival Inc Harvard University focus on key issues affecting indigenous and ethnic groups worldwide Each ethnography builds on introductory material by going further in depth and allowing students to explore virtually first hand a particular issue and its impact on a culture **A New German and English Dictionary** Karl Breul, 1906 **His Only Defense** Carolyn McSparren, 2008-12-01 He s no killer Or is he According to Liz Gibson s cold case file Jud Slaughter s wife disappeared seven years ago without a trace Despite the lack of concrete evidence everyone still thinks Jud is guiltier than sin But Liz s detective instincts aren t so sure Neither is her woman s intuition Gentle and charming Jud might be above Liz s suspicion but as new disturbing truths come to light Liz must wade into a terrifying quagmire of family intrigue where love and death collide and everyone has motive On top of everything else the moment she and Jud are in the same room together she can t help but break cop rule number one never fall in love with the perp **In Defense of the Eschaton** William Dennison, 2015-10-22 In Defense of the Eschaton is an anthology of William D Dennison s essays on the Reformed apologetics of Cornelius Van Til Written over the course of Dennison s many years of study the chapters in this volume investigate Van Til s theory of knowledge revelation common grace antithesis Christian education and the history of ideas as well as examine key Scriptures to identify the redemptive historical structure of a biblical apologetic method In the end Dennison finds that Reformed apologetics must take eschatology seriously According to the New Testament the believer has been transferred by faith in Christ into the final stage of history As a citizen of heaven the Christian apologist must defend the eschaton of the age to come against the satanic attacks of this present world **A Dictionary of the English Language** Noah Webster, 1874 Second Decennial Edition of the American Digest , 1918 A Defense of Free Will Against Luther St John Fisher, 2025-02-07 Lord Acton said that of all the works written against Martin Luther in the beginning of the Reformation Bishop John Fisher of Rochester s Assertionis Lutheranae Confutatio of 1523 was the most important Oddly enough this massive work of Catholic apologetics composed in Latin has never been rendered into the English language It contains Fisher s detailed responses to all forty one articles defended by Martin Luther against the censures of Pope Leo X found in the bull Exsurge Domine 1520 In this volume Thomas

Scheck presents for the first time in English translation introduced and annotated Fisher's Preface to the Reader Ten Truths and the most important single article found in Fisher's Confutation namely his Confutation of Luther's Assertion of Article 36 in which Fisher defends the existence of free will against Luther's claim that free will is a fiction with no reality Fisher's reply is thoroughly grounded in Scripture and in the interpretation of Scripture found in the ancient Fathers of the Church Interestingly to defend free will he makes abundant use of Augustine Origen Jerome Tertullian and John Chrysostom Luther's controversy with the Catholic Church over free will is well known today from his debate with Erasmus of Rotterdam which is easily accessible in English Less well known is the fact that Bishop John Fisher's reply to Luther preceded Erasmus's by one year and was used extensively by Erasmus himself in arguing against Luther's positions Also noteworthy is that Bishop John Fisher's particular response to Luther was well known to the bishops and theologians at the Council of Trent 1545 1563 and appears to have influenced the formulation of Catholic dogma in the Decree on Justification where free will is affirmed and the power of human resistance recognized Bishop John Fisher was canonized along with St Thomas More in 1935 400 years after their bloody martyrdoms under King Henry VIII Their mutual feast day is on June 22

Reading Between the Lines Annabel M. Patterson, 1993 For those exhausted by the highly charged debates and polarized climate of literary studies today Annabel Patterson's *Reading Between the Lines* offers a strategic compromise a moderate stance between the radical opponents and the zealous protectors of the traditional Western canon She reconsiders the value of reading the white male canonical writers of antiquity and of early modern England finding in them a set of values different from those supposed by both sides in the Great Books quarrel Rather than being the unthinking or deliberate promoters of political or cultural uniformity these writers subjected such conventional notions to critical scrutiny and even promoted alternatives The key to this revisionary argument is reading between the lines a strategy usually associated with the eccentric conservatism of Leo Strauss but which Patterson shows is not only implicit in all acts of interpretation but played a particularly important role in an age when writing between the lines was often essential for the writer's survival Patterson argues that if we learn how to read those old and seemingly alien texts which themselves responded to rapid and unsettling change in the arenas of religion politics and education they have much that is liberating to tell us about our own expanding culture including the importance of republican constitutionalism freedom of speech and civic and religious toleration This salutary redefinition of humanism arises from Patterson's essays on Plato Spenser Shakespeare Donne and Milton but the book also deals with the gendered

topics of rape and divorce and with popular culture in the sixteenth century and today These interests are not on opposite sides of some theoretical boundary but as Patterson demonstrates from contemporary novels by Joseph Heller and Nancy Price interdependent

Sex and Citizenship in Antebellum America Nancy Isenberg, 2000-11-09 With this book Nancy Isenberg illuminates the origins of the women's rights movement Rather than herald the singular achievements of the 1848 Seneca Falls convention she examines the confluence of events and ideas before and after 1848 that in her view marked the real birth of feminism Drawing on a wide range of sources she demonstrates that women's rights activists of the antebellum era crafted a coherent feminist critique of church state and family In addition Isenberg shows they developed a rich theoretical tradition that influenced not only subsequent strains of feminist thought but also ideas about the nature of citizenship and rights more generally By focusing on rights discourse and political theory Isenberg moves beyond a narrow focus on suffrage Democracy was in the

process of being redefined in antebellum America by controversies over such volatile topics as fugitive slave laws temperance Sabbath laws capital punishment prostitution the Mexican War married women s property rights and labor reform all of which raised significant legal and constitutional questions These pressing concerns debated in women s rights conventions and the popular press were inseparable from the gendered meaning of nineteenth century citizenship

In Defense of Lost Causes Slavoj Zizek,2009-10-19 In this combative major work philosophical sharpshooter Slavoj Zizek looks for the kernel of truth in the totalitarian politics of the past Examining Heidegger s seduction by fascism and Foucault s flirtation with the Iranian Revolution he suggests that these were the right steps in the wrong direction On the revolutionary terror of Robespierre Mao and the Bolsheviks Zizek argues that while these struggles ended in historic failure and horror there was a valuable core of idealism lost beneath the bloodshed A redemptive vision has been obscured by the soft decentralized politics of the liberal democratic consensus Faced with the coming ecological crisis Zizek argues the case for revolutionary terror and the dictatorship of the proletariat A return to past ideals is needed despite the risks In the words of Samuel Beckett Try again Fail again Fail better
