The Plot Against the President Lee

Smith, 2019-10-29 Investigative journalist Lee Smith uses his unprecedented access to Congressman Devin Nunes former head of the House Intelligence Committee to expose the deep state operation against the president and the American people Investigative journalist Lee Smith's *The Plot Against the President* tells the story of how Congressman Devin Nunes uncovered the operation to bring down the commander in chief While popular opinion holds that Russia subverted democratic processes during the 2016 elections the real damage was done not by Moscow or any other foreign actor Rather this was a slow moving coup engineered by a coterie of the American elite the deep state targeting not only the president but also the rest of the country The plot officially began July 31 2016 with the counterintelligence investigation that the FBI opened to probe Russian infiltration of Donald Trump's presidential campaign But the bureau never followed any Russians In fact it was an operation to sabotage Trump the candidate then president elect and finally the presidency The conspirators included political operatives law enforcement and intelligence officials and the press The plot was uncovered by Nunes chairman of the House Intelligence Committee and his investigative team They understood that the target of the operation wasn't just Trump but rather the institutions that sustain our republic A country where operatives use the intelligence and security services to protect their privileges by spying on Americans coordinating with the press and using extra constitutional means to undermine an election then undo a presidency is more like the third world than the republic envisioned by the founding fathers Without Nunes and his team the plot against the president and against the country never would have been revealed Told from the perspective of Nunes and his crack investigators men and women who banded together to do the right thing at a crucial moment for our democracy the story of the biggest political scandal in a generation reads like a great detective novel feels like a classic cowboy movie The congressman from the cattle capital of California really did fight corruption in Washington Devin Nunes took on the deep state

Why the U.S. Men Will Never Win the World Cup Beau Dure,2019-11-15 October 10 2017 The U S men s soccer team loses in Trinidad and Tobago and fails to qualify for the 2018 World Cup Winning soccer s greatest prize never seemed more distant Immediate fixes a new coach a revamped professional league a commitment to coaching education won t put the USA in the global elite The nation is too fractious too litigious too wrapped up in other sports and too late to the game In Why the U S Men Will Never Win the World Cup A Historical and Cultural Reality Check Beau Dure shows what American soccer is really up against Using hundreds of sources to trace more than 100 years of history Dure delves into the culture that only recently lost its disdain for the global game and still doesn t have the depth of soccer insight and passion that much of the world has had for generations The difficulty isn t any single thing the mismanagement of failed leagues the inability to agree on a path forward the lawsuits that stem from an inability to agree or the unique American culture that treasures its homegrown sports It s everything And yet Why the U S Men Will Never Win the World Cup is ultimately optimistic Dure argues that with the right long term changes the U S can build a soccer environment that consistently produces quality players strong results and a lot more fun on the international stage Soccer fans and skeptics alike will find this a fascinating examination of America s past present and future in the beautiful game
