## **Vip Protection Training Manual:**

**The Unconventional Close Protection Training Manual** Robert Scali, 2018-01-27 I wrote this book to teach people with no background in the protection industry how to not only be their own bodyguard but how to learn new skills so that they may eventually protect other people professionally If you want to learn the business and become a Private Security or Close Protection Operator you must learn a series of skill sets How you gain any skill set can vary from person to person Some people acquire the skills in the military police or even after years of hands on martial arts training You do not have to become a Green Beret Navy SEAL or CIA Contractor to acquire a series of proficient skill sets on survival combatives or shooting All you have to do to acquire some new skills in personal protection is to have the desire to learn and then apply what you have learned safely and with a high level of proficiency I will pass on small pearls of wisdom throughout this book The gems that I pass on to you have been passed on to me in many different ways throughout my life Each jewel will be a new skill or a direction to learn The more that you learn the more you will understand Any person with the passion for learning will pick up these new skills and instantly apply them The more that you read about close protection the more you will learn from this book The more that you physically do the more ingrained your skills will become into daily operational procedures Even if you learn just one new thing from this book that saves your life or someone else's then it was worth learning that skill Stay flexible in your thinking and keep an open mind as you read this book The more you learn about yourself the more you will want to know and apply your new skills towards your everyday life Eventually you will be able to tie all of the pearls from this book together and become operationally proficient and stay safe in many different scenarios

**Advanced Skills in Executive Protection** A. Hunsicker, 2010 Any professional actively engaged in the executive protection field novice or veteran whether in a team or as team leader must train for and be able to pinpoint even the most unexpected security concerns The continuation of The Fine Art of Executive Protection Handbook for the Executive Protection Officer 2007 Advanced Skills in Executive Protection contains carefully selected and illustrated material for the executive protection and security enforcement professional All available training and study material individual case studies and real scenarios

combined with professional experience serve as the foundation for this specialist's manual. For the client as a prospective principal, it provides important details that will assure lifesaving protection. Comprehensive, detailed and straightforward, *Advanced Skills in Executive Protection* is the only book to offer an in-depth look into the operational aspects of executive protection. It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective protection planning. Information about every aspect of executive protection is not only an important part of the professional's ongoing training curriculum but is also crucial for the client who seeks this professional protection to face not only today's protection needs but also those of the future. See also *The Fine Art of Executive Protection Handbook* for the Executive Protection Officer and *Understanding International Counter Terrorism: A Professional's Guide to the Operational Art* by A. Hunsicker. *Terrorist Recognition Handbook* Malcolm W. Nance, Desmond Wenger, 2017-09-20. First published in 2003, *Terrorist Recognition Handbook: A Practitioner's Manual for Predicting and Identifying Terrorist Activities* remains one of the only books available to provide detailed information on terrorist methodology, revealing terrorist motivation, organizational structure, planning, financing, and operational tactics to carry out attacks. **Bodyguard Manual** Leroy Thompson, 2005. Although military operations against terrorist forces often garner the headlines, those who protect government, military, and business leaders from assassination or kidnapping are also in the front lines against terrorism. Ready and prepared to place his body between his employer and a bullet, the bodyguard must be able to blend into the milieu around his charge yet be ready to spring into action instantly to counter an attack. Based on techniques of the U.S. Secret Service, U.S. State Department Security, the Special Air Service, the Royal Corps of Military Police, the Metropolitan Police, the KGB, and its successor the FSB, France's GSPR, and other protective units around the world, *The Bodyguard Manual* details the steps a protective team takes to prevent attack as well as the tactics which are employed when it is necessary to counter an attack in progress. From security aboard Concorde, the Orient Express, or the Queen Elizabeth 2 to protecting a military general officer in combat, *The Bodyguard Manual* allows the reader to stand post with the professional bodyguard.

**Hostage Rescue Manual** Leroy Thompson, 2005-01-08. A comprehensive, illustrated overview of the dynamic operations that have saved lives in hostage situations around the world. Based on strategies proven successful in numerous incidents, including the landmark SAS rescue at Prince's Gate, London, and compiled by an author with intimate and practical knowledge of the field, this book explains why the success of a rescue is often determined in the hours leading up to confrontation. Once an incident is contained, a large share of the responsibility for a successful conclusion rests with the hostage negotiator, whose job is to save the lives of both hostage and hostage taker. But if negotiations fail, it becomes necessary to send in the hostage rescue team to resolve the situation by force and skill. *Hostage Rescue Manual* explains the complex factors that determine the entry methods undertaken by a team, with discussion of the pros and cons of stealth versus dynamic approaches, plus the significance of distraction in securing successful site entry. Operations in widely differing

locations from nuclear power plants to airliners are detailed as are the range of special weapons available to the men and women tackling each incident We learn of the multiple roles played by participants such as the use of snipers as intelligence sources With vivid photographs and diagrams of rescue units in action Hostage Rescue Manual is the complete reference work on counter terrorist procedures all over the world This revised edition updates the book with an entirely new section devoted to developments in hostage rescue among them operations in Russia and Iraq since first publication

Hunsicker,2011 The worldwide number of incidents involving civil disturbances public unrests demonstrations uprisings and riots is increasing by the minute Each incident presents an ever demanding challenge for law enforcement and security professionals A detailed and understandable manual for security enforcement and riot control professionals is a priority and the answer to those challenging situations Any professional actively directly or indirectly engaged in crowd control operations vice or veteran whether in a unit or as team leader must train for and be able to pinpoint even the most unexpected security concerns Behind the Shield contains carefully selected and illustrated material for the crowd control law enforcement and security professional All of the available training and study material individual case studies and real scenarios combined with professional experience serve as the foundation for this specialist s manual Comprehensive detailed and straightforward Behind the Shield is the only book to offer an in depth look into the operational aspects of crowd control operations It guides the reader through a diversity of advanced disciplines and skills and contains all the necessary ingredients for effective crowd control planning and operations Information about every aspect of crowd control operations is t only an important part of the professional s ongoing training curriculum but is also crucial for those officials who seek a professional operation and solution facing t only today s security needs but also those of the future **Urbanization, Policing, and Security** Gary Cordner,Dilip K. Das,AnnMarie Cordner,2009-12-16 In terms of raw numbers the amount of world urban dwellers have increased four fold skyrocketing from 740 million in 1950 to almost 3 3 billion in 2007 This ongoing urbanization will continue to create major security challenges in most countries Based on contributions from academics and practitioners from countries as diverse as Nigeria Pakist **The Security Society** Francis Dodsworth,2019-05-07 This book provides a critical engagement with the idea of the security society which has been the focus of so much attention in criminology and the social sciences more broadly Security has been argued to constitute a new mode of social ordering displacing the disciplinary society that Foucault saw as characteristic of the liberal era He saw a control society or risk society characteristic of Neo

Liberalism in which the deviant behaviour of particular individuals as less important than general attempts to offset risk and reduce harm Dodsworth argues that much of this literature is extraordinarily presentist in orientation denying the long history of attempts to mitigate risk prevent harm and manage security which have always been a part of the government of order This book develops a critical history of security a thematic analysis of debates about security and aspects of the security society which puts contemporary arguments and practices in dialogue with the texts and practices of the past In doing so the book develops a cultural analysis of the meanings of security and the way these meanings have been articulated in particular practical contexts in order to understand how the promise of security has so effectively captured the imagination and channeled the effective engagement of people throughout the modern period
