Virtual Justice Justice Series 7:

Architecture and Justice Jonathan Simon, 2016-04-15 Bringing together leading scholars in the fields of criminology international law philosophy and architectural history and theory this book examines the interrelationships between architecture and justice highlighting the provocative and curiously ambiguous juncture between the two Illustrated by a range of disparate and diverse case studies it draws out the formal language of justice and extends the effects that architecture has on both the place of and the individuals subject to justice With its multi disciplinary perspective the study serves as a platform on which to debate the relationships between the ceremonial legalistic administrative and penal aspects of justice and the spaces that constitute their settings The structure of the book develops from the particular to the universal from local situations to the larger city and thereby examines the role that architecture and urban space play in the deliberations of justice At the same time contributors to the volume remind us of the potential impact the built environment can have in undermining the proper juridical processes of a socio political system Hence the book provides both wise counsel and warnings of the role of public civic space in affirming our sense of a just or unjust society

 justice issues that Indigenous people in Canada have faced historically and continue to face today Both Indigenous and

 realities and ongoing developments By examining how justice is defined both from within Indigenous communities and
 outside of them this volume examines the force of Constitutional reform and subsequent case law on Indigenous rights
 historically and in contemporary contexts It then expands the discussion to include theoretical considerations particularly
 settler colonialism that help explain how ongoing oppressive and assimilationist agendas continue to affect how so called
 justice is administered From a critical perspective the book examines the operation of the criminal justice system through

 that have significantly affected Indigenous peoples such as the Truth and Reconciliation Commission the Inquiry into Missing
