Vis A Textbook Fourth Edition:

A Textbook of Accounting for Management, 4th Edition Maheshwari S.N. & Maheshwari S.K. & Maheshwari Sharad K., The book provides a comprehensive coverage of the course content requirements of the students appearing in the paper Management Accounting at the MBA and MCom examinations of different Indian Universities and those of professional institutions The book has been divided into five convenient sections Each section covers a different aspect of Management Accounting with the subject divided into chapters covering different topics in a systematic and concise manner The unique features of this book lie in its simple and systematic presentation of theory which would enable the students to solve practical problems with ease The other main strengths of this book are plentiful illustrative examples and end of the chapter exercises with answers Textbook Of Occupational Medicine Practice (Fourth Edition) David Soo Quee Koh, Tar-ching

Aw, 2017-08-22 The text is generally very readable the scientific quality of the content is above reproach and the content is very comprehensive within the confines of the size of the actual book In my opinion the book meets the needs of the varied targeted audience and I would regard it as good value for money I would consider the book useful for occupational practitioners particularly those in training who would gain a global perspective on many of the issues of occupational medicine Journal of Occupational Medicine This fourth edition continues to provide a link between occupational health and clinical practice It covers target organ systems that can be affected by hazardous exposures in workplaces and it focuses on the clinical presentations investigations and management of affected individuals We have retained consideration of some special issues relevant to occupational medicine practice in this new edition The main emphasis continues to be prevention of disease and early detection of health effects This edition of the book has been updated to include new materials topics and references We have retained a few of the previous case studies and illustrations and introduced several new ones There are new chapters on audit and evidence based practice and on occupational cancer We trust that this edition addresses many of the recommendations that were provided by readers of the previous edition We have again asked international experts to author many of the chapters Some of the authors are from Asia and others from the US UK the Middle East and Australia All the authors will have either clinical or academic experience in occupational medicine practice The book will be of interest to medical practitioners especially those in primary care and doctors intending to pursue a career in occupational medicine It would also be relevant for non medical health and safety professionals wanting to know more about health effects resulting from occupational exposures Other groups who may find this edition useful as a ready reference are medical students occupational health nurses or clinical specialists in fields such as dermatology respiratory medicine or toxicology The book is targeted at all those who are interested in the interaction between work and health and how occupational diseases and work related disorders may present Related Link s **Textbook of Medical Physiology 4th Edition - E-Book** G K
