Violence Prevention Ice Breakers

United States

Violence Prevention Ice Breakers:

The Youth Relationships Manual David A. Wolfe,1996-04 Designed to combat physical and sexual aggression against women and children this prevention programme manual is based on the premise that the best opportunity for promoting healthy non violent relationships is to intervene during adolescence when peer relationships and interpersonal style become firmly established The proactive competency enhancing programme is designed to build strengths resilience and coping skills in young people Carefully developed and tested in the field the 18 session group training programme has three principal sections covering informational skill building and social action learning opportunities The manual provides a detailed curriculum for the programme which is designed for eight to

Preventing Violent Radicalisation in Europe Patrizia Meringolo,2020-10-03 This book brings together the latest literature and European experiences on preventing youth violent radicalisation and violent actions in intergroup relations Youth violent radicalisation is a significant problem within the European context and requires an exploration of how various social actors can play an active role in preventing radicalisation in minors and young adults This complex issue needs to be explored through a multidisciplinary approach and effective operational models are needed in order to tackle it This book describes the theoretical framework for such an approach in all its facets The book s originality lies in its psychosocial and participatory approach aimed at improving results through professional training and community empowerment for building trusting relationships and educational activities It also proposes alternative narratives which are a way of representing people and groups within a social context thereby overcoming stereotyped visions and stigma This book focuses on participation and communication among stakeholders social inclusion strengthening democratic values and pursuing a proactive instead of a reactive approach to preventing radicalisation Highly topical the book will appeal to researchers and students of the social and behavioural sciences interested in youth radicalisation including social work and social policy as well as practitioners working within the juvenile justice system

Tools for Teaching Health Shannon Whalen,Dominick Splendorio,Sal Chiariello,2007-03-23 Tools for Teaching Health presents classroom tested ready to use activities and lessons developed and written by highly acclaimed health educators This much needed resource provides any health educator who works with various populations with the strategies that will enhance the health education experience and make learning fun Designed to be practical all the book s proven activities are reproducible hands on student centered and interactive
