The Price of Panic Jay W. Richards, William M. Briggs, Douglas Axe, 2020-10-13 WHAT JUST HAPPENED The human cost of the emergency response to COVID 19 has far outweighed the benefits That's the sobering verdict of a trio of scholars a biologist a statistician and a philosopher in this comprehensive assessment of the worst panic induced disaster in history As the media fanned the flames of panic government officials and a new elite of scientific experts ignored the established protocols for mitigating a dangerous disease Instead they shut down the world economy closed every school confined citizens to their homes and threatened to enforce a regime of extreme social distancing indefinitely And the American public amazingly enough complied without protest Modestly but relentlessly focused on what we know and don't know about the coronavirus Douglas Axe William M Briggs and Jay W Richards demonstrate in this eye opening study what real experts can contribute when a pandemic strikes In the early spring of 2020 the panic of government officials the hysteria of the media and the hubris of suddenly powerful scientists produced a worldwide calamity The Price of Panic is the essential book for understanding what happened and how to avoid repeating our deadly mistakes Black Ted Dekker, 2009-07-28 New 5th Anniversary Editions include Bonus Graphic Novels An Adrenaline Laced Epic Where Dreams and Reality Collide Fleeing assailants through deserted alleyways Thomas Hunter narrowly escapes to the roof of a building Then a silent bullet from the night clips his head and his world goes black From the blackness comes an amazing reality of another world where evil is contained A world where Thomas Hunter is in love with a beautiful woman But then he remembers the dream of being chased through an alleyway as he reaches to touch the blood on his head Where does the dream end and reality begin Every time he falls asleep in one world he awakes in the other Yet in both catastrophic disaster awaits him may even be caused by him Some say the world hangs in the balance of every choice we make Now the fate of two worlds hangs in the balance of one man's choices
