Toward The Elimination Of Cancer Disparities Medical And Health Perspectives:

Toward the Elimination of Cancer Disparities Howard K. Koh, 2009-05-28 This volume reflects the work of a number of experts in cancer disparities led by members of the Executive Committee of the Program in Development for the Dana Farber Harvard Cancer Center In particular this volume updates a 2005 monograph on the topic **Cancer Disparities** Ronit Elk, 2012 There has been remarkable progress in understanding preventing detecting diagnosing and treating cancer resulting in a reduction of cancer incidence and mortality in the United States Despite this the cancer burden varies considerably by race ethnicity and socioeconomic status Cancer incidence rates vary markedly between racial ethnic groups but even more startling are the differences in outcome across groups Cancer Disparities Causes and Evidence Based Solutions helps readers understand the scope and causes of this inequity by providing a detailed analysis of the many factors that result in cancer disparities across the cancer continuum including the role of race ethnicity socioeconomic status access to and use of services insurance status geographic variables and differences in treatment provided to patients Further it is the first book to describe evidence based concrete solutions that can be used to reduce or even eliminate cancer health disparities Fifteen previously unpublished studies of interventions designed specifically to achieve health equality are described These studies focus on contextually and culturally appropriate strategies to enhance cancer prevention screening and early detection treatment symptom management and quality of life in underserved populations **Encyclopedia of Immigrant Health** Sana Loue, Martha Sajatovic, 2014-06-20 There is increasing interest in the scientific literature on immigrant health and its impact on disease transmission disease prevention health promotion well being on an individual and population level health policy and the cost of managing all these issues on an individual institutional national and global level The need for accurate and up to date information is particularly acute due to the increasing numbers of immigrants and refugees worldwide as the result of natural disasters political turmoil the growing numbers of immigrants to magnet countries and the increasing costs of associated health care that are being felt by governments around the world Format and Scope The first portion of the encyclopedia contains chapters that are approximately 25 to 40 manuscript pages in length Each overview chapter includes a list of references and suggested readings for cross referencing within the encyclopedia The opening chapters are Immigration in the Global Context Immigration Processes and Health in the U S A Brief History Alternative and Complementary Medicine Culture Specific Diagnoses Health Determinants Occupational and Environmental Health Methodological Issues in Immigrant Health Research Ethical Issues in Research with Immigrants and Refugees Ethical Issues in the Clinical Context The second portion of the book consists of alphabetical entries that relate to the health of immigrants Entries are interdisciplinary and are drawn from the following fields of study anthropology demographics history law linguistics medicine population studies psychology religion and sociology Each entry is followed by a listing of suggested readings and suggested resources and also links to related terms within the whole book Outstanding Features The

book adopts a biopsychosocial historical approach to the topics covered in the chapters and the entries Each entry includes suggested readings and suggested resources The chapters and entries are written graduate level that is accessible to all academics researchers and professionals from diverse backgrounds We consider the audience for the entries to be well educated but a non expert in this area The primary focus of the book is on the immigrant populations in and immigration to magnet countries References are made to worldwide trends and issues arising globally In addition to the comprehensive subject coverage the text also offers diverse perspectives The editors themselves reflect the multidisciplinary nature of the topics with expertise in psychiatry law epidemiology anthropology and social work Authors similarly reflect diverse disciplines

The SAGE Encyclopedia of Cancer and Society Graham A. Colditz, 2015-08-12 The first edition of the Encyclopedia of Cancer and Society was published in 2007 and received a 2008 Editors Choice Award from Booklist It served as a general non technical resource focusing on cancer from the perspective of the social and behavioral sciences exploring social and economic impacts the business of cancer advertising of drugs and treatment centers how behavior change could offer great potential for cancer prevention environmental risks food additives and regulation the relation between race and ethnicity and cancer risk socioeconomic status controversies both scientific and political in cancer treatment and research country by country entries on cancer around the world and more Given various developments in the field including new drug treatments political controversies over use of the vaccines Gardasil and Cervarix with young girls to prevent cervical cancer and unexpected upticks in the prevalence of adult smoking within the U S following decades of decline the SAGE Encyclopedia of Cancer and Society Second Edition serves as an updated and more current encyclopedia that addresses concerns pertaining to this topic Key Features Approximately half of the 700 first edition articles revised and updated 30 new entries covering new developments since 2006 Signed entries with cross references Further Readings accompanied by pedagogical elements New Reader s Guide Updated Chronology Resource Guide Glossary and through new Index The SAGE Encyclopedia of Cancer and Society Second Edition serves as a reliable and precise source for students and researchers with an interest in social and behavioral sciences and seeks to better understand the continuously evolving subject matter of cancer and society

Social Determinants of Health Among African-American Men Henrie M. Treadwell, Clare Xanthos, Kisha B. Holden, 2012-09-20 This groundbreaking book applies the concept of social determinants of health to the health of African American men While there have been significant efforts in recent years to eliminate health disparities serious disparities continue to exist especially with regard to African American men who continue to suffer disproportionately from poor health when compared to other racial ethnic and gender groups in the United States This book covers the most important issues relating to social determinants of health and also offers viable strategies for reducing health disparities

Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2002

United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and

Human Services, Education, and Related Agencies,2001 **Human Resource Management in Construction** Andrew Dainty,Martin Loosemore,2013-05-07 The construction sector is one of the most complex and problematic arenas within which to manage people As a result the applicability of much mainstream human resource management HRM theory to this industry is limited Indeed the operational realities faced by construction organizations mean that all too often the needs of employees are subjugated by performance concerns This has potentially dire consequences for those who work in the industry for the firms that employ them and ultimately for the prosperity and productivity of the industry as a whole In this new edition of their leading text Andrew Dainty and Martin Loosemore have assembled a collection of perspectives which critically examine key aspects of the HRM function in the context of contemporary construction organizations Rather than simply update the previous edition the aim of this second edition is to provide a more critical commentary on the ways in which the industry addresses the HRM function and how this affects those who work within the industry To this end the editors have gathered contributions from many of the leading thinkers within construction HRM to critique the perspectives presented in the first edition Each contributor either tackles specific aspects of the HRM function or provides a critical commentary on industry practice The authors explain using real life case studies the ways in which construction firms respond to the myriad pressures that they face through their HRM practices Together the contributions encourage the reader to rethink the HRM function and its role in defining the employment relationship This provides essential reading for students of construction and project management and reflective practitioners who are interested in theoretically informed insights into industry practice and its implications Public Health Reports ,2003 **Health Services Reports** United States. Health Services and Mental Health Administration,2003 *After Obama* Todd Shaw,Robert A Brown,Joseph P McCormick II,2021-02-16 Examines the complicated political legacy of our first black president Written during the presidency of Donald Trump *After Obama* examines the impact President Barack Obama and his administration have continued to have upon African American politics In this comprehensive volume Todd C Shaw Robert A Brown and Joseph P McCormick II bring together more than a dozen scholars to explore his complex legacy including his successes failures and contradictions Contributors focus on a wide range of topics including how President Obama affected aspects of African American politics how his public policies influenced the quality of Black citizenship and life and what future administrations can learn from his experiences They also examine the present day significance of Donald Trump in relation to African American politics A timely and thorough work *After Obama* provides the first examination of the Obama administration in its entirety and the lasting impact it has had on African American politics **Achieving Respiratory Health Equality** Juan Carlos Celedón,2016-10-26 Including comprehensive coverage of health disparities commonly encountered in pediatric and adult pulmonary critical care and sleep medicine *Achieving Respiratory Health Equality* in the United States provides a definitive reference on this prominent issue Expert authors explore questions such as What is the evidence that respiratory

health disparities exist What do we know about the causes of the disparities What are the clinical implications What can be done to address the particular disparities and thus achieve health equality Recognizing the magnitude of this problem the American Thoracic Society ATS Executive Committee created a Health Equality Sub Committee with an initial mandate of defining respiratory health disparities and respiratory health equality in the United States This book will follow the format of a workshop on respiratory health equality held before the 2015 ATS International Meeting and led by editor Juan Carlos Celed n Written by the workshop presenters this book focuses closely on major risk factors for health specific respiratory diseases for which health disparities are known to occur and potential approaches to eliminate such disparities Achieving Respiratory Health Equality in the United States is a timely resource for researchers clinicians and public health practitioners in respiratory medicine Environmental Health Perspectives ,2004-07 Departments of Labor, Health and Human Services, Education, and Related Agencies Appropriations for 2000 United States. Congress. House. Committee on Appropriations. Subcommittee on the Departments of Labor, Health and Human Services, Education, and Related Agencies,1999 Dream and Legacy, Volume II Michael L. Clemons,Donathan L. Brown,William H. L. Dorsey,2024-08-15 Contributions by Robert Adams Jr Shenita Brazelton Donathan L Brown Owen Brown Jr LaTasha Chaffin Michael L Clemons Daphne Cooper William H L Dorsey Bertis D English Precious D Hall Beverly A Johnson Maruice Mangum Natasha Altema McNeely Amardo Rodriguez Randall Swain Edward V Wallace Ingrid P Whitaker and Mark M Whitaker Beginning early in his career Dr Martin Luther King Jr recognized the moral and humanitarian need to pursue social justice and equity for marginalized Americans those for whom the American dream had proven to be an elusive ideal In Dream and Legacy Volume II Revisiting King in the Post Civil Rights Era contributors sift through the historical record engaging one of America s most consequential radical historical traditions Despite robust reform efforts since the 1930s a wide range of policy related challenges plague the lives of African Americans other persons of color women and the poor in the twenty first century This anthology like the first from coeditors Michael L Clemons Donathan L Brown and William H L Dorsey applies the ideology and activism of Dr King to its analysis of contemporary sociopolitical issues in the United States and abroad The project begins with a foreword that situates the subsequent essays within the context of contemporary social developments Grouped into themed sections the essays cover such topics as voting rights public protest police brutality poverty and wage discrimination healthcare and more The epilogue concludes with a discussion of the timeless impact of Dr King s philosophy and activism as well as the implications of his work for the future of domestic and global leadership Dream and Legacy Volume II identifies a variety of practical lessons that can help resolve contemporary social problems **Handbook of Oncology Social Work** Grace Hyslop Christ,Carolyn Messner,Lynn C. Behar,2015 This inaugural Handbook of Oncology Social Work Psychosocial Care for People with Cancer provides for the first time a repository of the breadth and scope art and science of oncology social workers practice education research policy and program leadership in the psychosocial care of

people with cancer and their families

Index Medicus ,2001

International Handbook of Rural Demography

László J. Kulcsár, Katherine J. Curtis, 2011-10-20 This is the third in an essential series of Springer handbooks that explore key aspects of the nexus between demography and social science With an inclusive international perspective and founded on the principles of social demography this handbook shows how the rural population which recently dropped below 50 per cent of the world total remains a vital segment of society living in proximity to much needed developmental and amenity resources The rich diversity of rural areas shapes the capacity of resident communities to address far reaching social environmental and economic challenges Some will survive become sustainable and even thrive while others will suffer rapid depopulation This handbook demonstrates how these future development trajectories will vary according to local characteristics including but not limited to population composition The growing complexity of rural society is in part a product of significant international variations in population trends making this comparative and comprehensive study of rural demography all the more relevant Collating the latest research on international rural demography the handbook will be an invaluable aid to policy makers as they try to understand how demographic dynamics depend on the economic social and environmental characteristics of rural areas It will also aid researchers assessing the unique factors at play in the rural context and endeavoring to produce meaningful results that will advance policy and scholarship Finally the handbook is an ideal text for graduate students in a spread of disciplines from sociology to international development

Health Issues in the Black Community Ronald L. Braithwaite, Sandra E. Taylor, Henrie M. Treadwell, 2009-10-22 Health Issues in the Black Community THIRD EDITION The outstanding editors and authors of Health Issues in the Black Community have placed in clear perspective the challenges and opportunities we face in working to achieve the goal of health equity in America David Satcher MD PhD 16th Surgeon General of the United States and director Satcher Health Leadership Institute at Morehouse School of Medicine Eliminating health disparities must be a central goal of any forward thinking national health policy Health Issues in the Black Community makes a valuable contribution to a much needed dialogue by focusing on the challenges of the black community Marc Morial Esq president National Urban League Health Issues in the Black Community illuminates comprehensively the range of health conditions specifically affecting African Americans and the health disparities both within the black community and between racial and ethnic groups Each chapter whether addressing the health of African Americans by age gender type of disease condition or behavior is well detailed and tells an important story Together they offer practitioners consumers scholars and policymakers a crucial roadmap to address and change the social determinants of health reduce disparities and create more equal treatment for all Americans Risa Lavizzo Mourey MD MBA president Robert Wood Johnson Foundation I recommend Health Issues in the Black Community as a must read for anyone concerned about the future of the African American community Health disparities continues to be one of the major issues confronting the black community This book will help to highlight the issues and keep attention focused on the work to be done Elsie Scott

PhD president of the Congressional Black Caucus Foundation This book is the definitive examination of health issues in black America issues sadly overlooked and downplayed in our culture and society I congratulate Drs Braithwaite Taylor and Treadwell for their monumental book Cornel West PhD professor Princeton University **Handbook of Health Social Work** Sarah Gehlert,Teri Browne,2011-10-13 Praise for HANDBOOK of HEALTH SOCIAL WORK SECOND EDITION Handbook of Health Social Work Second Edition is a crucial addition for seasoned practitioners libraries as well as an essential foundation for fledgling social workers ready to enter health as a practice and research area From the Foreword by Suzanne Heurtin Roberts U S Department of Health and Human Services The book s strengths include the high quality of writing and the expertise of its contributors It covers the field of health social work in significant depth and is sure to leave readers well informed Mary Sormanti PhD MSW Associate Professor of Professional Practice Columbia University School of Social Work Quite simply this is the definitive volume for health and social work In this second edition Gehlert and Browne and their expert contributors have confidently managed to keep pace with current theory and empirical research across a wide range of subject matter that will be of interest to practitioners educators and researchers Michael Vaughn PhD Assistant Professor School of Social Work School of Public Health and Department of Public Policy Studies Saint Louis University Thoroughly revised and updated the only comprehensive handbook of its kind covering the diverse field of health social work Now in its Second Edition Handbook of Health Social Work provides a comprehensive and evidence based overview of contemporary social work practice in health care Written from a wellness perspective the chapters cover practice and research areas ranging from chronic disorders to infectious disease from physical to mental disorders and all areas in between An excellent resource preparing social workers for the present and future challenges of practice in the field of health care the Handbook of Health Social Work Second Edition features discussion on New trends in social work and health care including genetics transdisciplinary care as well as national and state changes in policy Health social work and children The wide array of roles performed by social workers in health care settings Ethical issues and decision making in a variety of arenas Understanding of community factors in health social work Edited by two respected leaders in the field of health social work this second edition includes contributions from a diverse team of notable experts researchers and scholars addressing multiple theoretical foundations models issues and dilemmas for the social worker in health care The resulting resource offers both a foundation for social work practice in health care and a guide for strategy policy and program development in proactive and actionable terms **Community & Public Health Nursing: Promoting the Public's Health** Judith Allender,Cherie Rector,Cherie Rector, PhD Rn-C,Kristine Warner,Kristine Warner, PhD MS MPH RN,2013-04-26 Community Public Health Nursing is designed to provide students a basic grounding in public health nursing principles while emphasizing aggregate level nursing While weaving in meaningful examples from practice throughout the text the authors coach students on how to navigate between conceptualizing about a population focus while also continuing to advocate and

care for individuals families and aggregates This student friendly highly illustrated text engages students and by doing so eases students into readily applying public health principles along with evidence based practice nursing science and skills that promote health prevent disease as well as protect at risk populations What the 8th edition of this text does best is assist students in broadening the base of their knowledge and skills that they can employ in both the community and acute care settings while the newly enhanced ancillary resources offers interactive tools that allow students of all learning styles to master public health nursing
