Smith Wesson 38 Special:

Smith & Wesson Roy G. Jinks, Sandra C. Krein, 2006 Horace Smith and Daniel Baird Wesson shared a dream of manufacturing a firearm that could fire repeatedly using a new and self contained cartridge In 1852 the dream became a reality with the founding of Smith Wesson Firearms Company Over the next 154 years the company grew to be one of the most innovative and respected firearms manufacturers in the world The story of Smith Wesson is not only about two knowledgeable and enterprising men but also the story of generations of creative and dedicated men and women The spirit of innovation generated by the partners has long outlived them Today Smith Wesson is synonymous with quality performance and durability Smith Wesson explores the company history its people and significant products from the partners first venture in 1852 to the sale of the Wesson family business in 1965 This book features rarely seen historical photographs

[The Defences of Macau](#) Richard J. Garrett, 2010-03-01 The forts built from the early seventeenth century onwards the ships that defended Macau s waters the weapons that armed the facilities and the soldiers and sailors who manned them all are carefully detailed in The Defences of Macau These forts cannon and

small arms were a familiar part of society for hundreds of years and a significant part of Macau's heritage. Macau is fortunate in having so many artifacts remaining but very little research has been done on them. Richard Garrett, a retired civil engineer and an expert in antique weapons, addresses this gap by identifying many rare and unique weapons. More than 200 illustrations, many in colour, serve as a visual record of what has survived. Some of the forts are included among Macau's World Heritage sites. Many visitors and those interested in the history of the region will be interested in these forts and arms that remain in relative abundance in Macau. The book will also appeal to those scholars specialising in military and arms history.

The added coverage makes the Encyclopedia more comprehensive, with a greater focus on today's policing issues. Also added are themes such as accountability, the culture of police, and the legal framework that affects police decision. New topics discuss recent issues such as Internet and crime, international terrorism, airport safety, or racial profiling.
