[London to Magadan](#) Ian Rogers, 2018-12-11. An epic motorbike ride from the UK through Europe, Asia, and Mongolia to the outer reaches of Siberia. A book about the healing power of travel and motorcycling through an unknown landscape. Fully illustrated with the photographs the author took while on the journey. When his wife died tragically, Ian Rogers decided that to ride from London to Magadan in Russia would be his road to healing and recovery. Completing the Road of Bones on a motorcycle would be an escape route from the helplessness he had felt as he had nursed his wife through the cancer that he would, in the end, lose her to. It took him away from his work, his family, his normal life, and gave him the time to grieve and put his world in perspective. No windows, no automatic transmission, no metal box protection, and absolutely no safety belt. Motorcycling fills your senses. Wind, rain, sunshine, smells, and with your eyes always on the prize, be it the idiot road users in built-up areas or mile upon mile of breath-taking Mongolian wilderness. Join the
