Strategic Leadership - Correct Answers -the ability to anticipate, envision, maintain flexibility, think strategically, and work with others to initiate changes that will create a positive future for an organization.

Title I - Correct Answers -Title I, Part A of the Elementary and Secondary Education Act, provides financial assistance to local educational agencies (LEAs) and schools with high numbers or high percentages of children from low-income families to help ensure that all children meet challenging state academic standards.

The school must focus Title I services on children who are failing, or most at risk of failing, to meet state academic standards. Schools in which children from low-income families make up at least 40 percent of enrollment are eligible to use Title I funds for schoolwide programs that serve all children in the school. LEAs also must use Title I funds to provide academic enrichment services to eligible children enrolled in private schools.

Title II - Correct Answers -Title II, Part A provides funds intended to increase academic achievement by improving teacher and principal quality. This program is carried out by: increasing the number of highly qualified teachers in classrooms; increasing the number of highly qualified principals and assistant principals in schools; and increasing the effectiveness of teachers and principals by holding LEAs and schools accountable for improvements in student academic achievement.

Funds may be used for professional development. In exchange for receiving funds, agencies are held accountable to the public for improvements in academic achievement.

Title III - Correct Answers -Title III, Part A provides funds intended to assist schools with language instruction, specifically for Limited English Proficient students.

Funds may be used for professional development and language instruction programs.

IDEA - Correct Answers -The Individuals with Disabilities Education Act (IDEA) is a law ensuring services to children with disabilities throughout the nation. IDEA governs how states and public agencies provide early intervention, special education and related services to eligible infants, toddlers, children and youth with disabilities.
