Longenecker, Carlos W. Moore, J. William Petty, 2000 The author's diverse academic backgrounds in management marketing and finance have enabled them to provide well balanced coverage of small business issues *Small Business Management* Justin Gooderl Longenecker, Carlos W. Moore, Leslie E. Palich, J. William Petty, 2006 Small Business Management with its loyal following and great package is far and away the market leading text in small business and has been for many years It is a proven text comprehensive in its approach with the best fully integrated content graphics and resources devoted to business plan development SBM has always been a step ahead of the competition first to cover family businesses and first to integrate computer technology for small business and continues to provide innovative coverage in each new edition Increasingly adopted in hybrid courses that combine small business management and entrepreneurship and in standalone entrepreneurship courses SBM shows aspiring business owners not only how to start a business but how to grow one

Private Sector Development in an Emerging World Diederik Boer, Harald Sander, Katharina Friz, Antonella Anastasi, 2023-12-04 This book explores the interactions between private sector development public policies and societal institutions with a strong view on contributing to sustainable and inclusive development in emerging countries The private sector is often praised as an engine of economic growth This belief has led to significant efforts to promote private sector development in emerging countries Development agencies prioritize private sector development and national governments are following suit resulting in often huge incentives to stimulate and attract private investment However private sector development is not a panacea for sustainable and inclusive development as the past decades have clearly shown Economic growth societal development and environmental sustainability are often in a sharp conflict and more often than not economic growth has failed to improve the lives of all citizens This book examines the role the state and the private sector should play to benefit from the dynamics of business development while ensuring that these benefits are shared broadly without jeopardizing sustainability The views presented differ in detail but the analyses and case studies presented share common themes namely that the relative roles of state and private sector should be balanced and that this particular balance should be based on the context of each country in order to make the private public sector interaction work for all people **The Palgrave Handbook of Heterogeneity among Family Firms** Esra Memili, Clay Dibrell, 2018-09-05 This handbook is the definitive source of research on the differences among family firms It provides a timely and thorough investigation of the variant strategies and behaviors undertaken by family firms today taking a closer look at different configurations of family involvement and how they influence outcomes and success While studies on differences between family and non family firms are deeply rooted in the literature this handbook uniquely examines the family firm heterogeneity research to date and the inner firm governance financial and non financial objectives and strategies such as innovation competitive dynamics internationalization and human resources management The handbook pulls together the work of the most prominent names in family business from around the world separating itself from the competition both in content and geographical scope

Future research directions provided in each chapter will spark further interdisciplinary scholarly work and will be enlightening for researchers educators and practitioners who are currently limited to the narrow and exclusive literature and advance the burgeoning research on this important topic

Marketing Communications in Emerging Economies, Volume II Thomas Anning-Dorson, Robert E. Hinson, Stanley Coffie, Genevieve Bosah, Ibn Kailan Abdul-Hamid, 2022-01-01
