A Study Guide for Louis Sachar's "Holes" Gale, Cengage Learning, 2016-06-29 A Study Guide for Louis Sachar's *Holes* excerpted from Gale's acclaimed *Novels for Students*. This concise study guide includes plot summary, character analysis, author biography, study questions, historical context, suggestions for further reading, and much more. For any literature project, trust *Novels for Students* for all of your research needs. *Small Steps* Louis Sachar, 2010-07-23 Two years after being released from Camp Green Lake, Armpit is home in Austin, Texas, trying to turn his life around. But it's hard when you have a record and everyone expects the worst from you. The only person who believes in him is Ginny, his 10-year-old disabled neighbour. Together they are learning to take small steps. And he seems to be on the right path until X-Ray, a buddy from Camp Green Lake, comes up with a get-rich-quick scheme. This leads to a chance encounter with teen pop sensation Kaira DeLeon, and suddenly his life spins out of control with only one thing for certain: He'll never be the same again. In his first major novel since *Holes*, critically acclaimed novelist Louis Sachar uses his signature wit combined with a unique blend of adventure and deeply felt characters to explore issues of race, the nature of celebrity, the invisible connections that determine a person's life, and what it takes to stay on course. Doing the right thing is never a wrong choice, but a small step in the right direction. MultiCultural Review, 2007

Fictions of Integration Naomi Lesley, 2017-03-03 This book examines how children's and young adult literature addresses and interrogates the legacies of American school desegregation Such literature narrates not only the famous battles to implement desegregation in the South in places like Little Rock Arkansas but also more insidious and less visible legacies such as re segregation within schools through the mechanism of disability diagnosis Novelizations of children's experiences with school desegregation comment upon the politics of getting African American children access to white

schools but more than this as school stories they also comment upon how structural racism operates in the classroom and mutates over the course of decades through the pedagogical practices depicted in literature for young readers Lesley combines approaches from critical race theory disability studies and educational philosophy in order to investigate how the educational market simultaneously constrains how racism in schools can be presented to young readers and also provides channels for radical critiques of pedagogy and visions of alternative systems The volume examines a range of titles from novels that directly engage the Brown v Board of Education decision such as Sharon Draper s Fire From the Rock and Dorothy Sterling s Mary Jane to novels that engage less obvious legacies of desegregation such as Cynthia Voigt s Dicey s Song Sharon Flake s Pinned Virginia Hamilton s The Planet of Junior Brown and Louis Sachar s Holes This book will be of interest to scholars of American studies children s literature and educational philosophy and history
