Smoke Cured Bacon Recipe:

Charcuterie Michael Ruhlman, Brian Polcyn, 2013-08-28 An essential update of the perennial bestseller *Charcuterie* exploded onto the scene in 2005 and encouraged an army of home cooks and professional chefs to start curing their own foods. This love song to animal fat and salt has blossomed into a bona fide culinary movement throughout America and beyond of curing meats and making sausage p t s and confits. *Charcuterie Revised and Updated* will remain the ultimate and authoritative guide to that movement, spreading the revival of this ancient culinary craft. Early in his career food writer Michael Ruhlman had his first taste of duck confit. The experience became a fascination that transformed into a quest to understand the larger world of food preservation called charcuterie, once a critical factor in human survival. He wondered why its methods and preparations, which used to keep communities alive and allowed for long distance exploration, had been almost forgotten. Along the way he met Brian Polcyn, who had been surrounded with traditional and modern charcuterie since childhood. My Polish grandma made kielbasa every Christmas and Easter, he told Ruhlman. At the time Polcyn was teaching butchery at Schoolcraft College outside Detroit. Ruhlman and Polcyn teamed up to share their passion for cured meats with a wider audience. The rest is culinary history. *Charcuterie Revised and Updated* is organized into chapters on key practices: salt cured meats like pancetta, dry cured meats like salami and chorizo, forcemeats including p t s and terrines, and smoked meats and fish. Readers will find all the classic recipes: duck confit, sausages, prosciutto, bacon, p t de campagne, and knackwurst, among others. Ruhlman and Polcyn also expand on traditional mainstays, offering recipes for hot and cold smoked salmon, shrimp, lobster, and leek sausage, and grilled vegetable terrine. All these techniques make for a stunning addition to a contemporary menu. Thoroughly instructive and fully illustrated, this updated edition includes seventy-five detailed line drawings that guide the reader through all the techniques. With new recipes and revised sections to reflect the best equipment available today, *Charcuterie Revised and Updated* remains the undisputed authority on charcuterie.

Charcuterie: The Craft of Salting, Smoking, and Curing Brian Polcyn, Michael Ruhlman, 2005-11-17 The only book for home cooks offering a complete introduction to the craft. CHARCUTERIE, a culinary specialty that originally referred to the creation of pork products such as salami, sausages, and prosciutto, is true food craftsmanship: the art of turning preserved food into items of beauty and taste. Today the term encompasses a vast range of preparations, most of which involve salting, cooking, smoking, and drying. In addition to providing classic recipes for sausages, terrines, and p t s, Michael Ruhlman and Brian Polcyn expand the definition to include anything preserved or prepared ahead, such as Mediterranean olive and vegetable rillettes, duck confit, and pickles, and sauerkraut. Ruhlman, coauthor of *The French Laundry Cookbook*, and Polcyn, an expert charcuterie instructor at Schoolcraft College in Livonia, Michigan, present 125 recipes that are both intriguing to professionals and accessible to home cooks, including salted, air-dried ham, Maryland crab scallop, and saffron terrine, Da Bomb breakfast sausage, mortadella, and soppressata, and even spicy smoked almonds.
