The Dialectic of Ressentiment Sjoerd van Tuinen,2023-07-31 Drawing upon a wide variety of authors approaches and ideological contexts this book offers a comprehensive and detailed critique of the distinct and polemical senses in which the concept of resentment and its cognate resentment is used today It also proposes a new mode of addressing resentment in which critique and polemics no longer set the tone care Contemporary tendencies in political culture such as neoliberalism nationalism populism identity politics and large scale conspiracy theories have led to the return of the concept of resentment in armchair political analysis This book argues that due to the tension between its enormous descriptive power and its mutually contradicting ideological performances it is necessary to redramatize the concept of resentment By what right do we possess and use the concept of resentment and what makes the phenomenon worth knowing Inspired by Marxist political epistemology affect theory postcolonialism and feminism the book maps delimits and assesses four irreducible ways in which resentment can be articulated the ways of the priest the physician the witness and the diplomat The first perspective is typically embodied by conservative Scheler Girard and liberal Smith Rawls political theory the second by Nietzsche Deleuze and Foucault whereas the standpoint of the witness is found in the writings of Am ry Fanon and Adorno and the diplomat s is the author s own albeit inspired by philosophers such as Ahmed Stiegler Stengers

and Sloterdijk In producing a dialectical sequence between all four typical modes of enunciation the book demonstrates how the first three reinterpretations of ressentiment are already implied in the theater set up in Nietzsche s late polemical books while the fourth proposes a line of flight out of it The Dialectic of Ressentiment will be of interest to scholars and advanced students working in critical theory social and political philosophy cultural studies sociology history literature political science anthropology and Nietzsche scholarship It will also appeal to anyone interested in the politics of anger discourse ethics trauma studies and memory politics The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license *The Works of Walter Bagehot ...* Walter Bagehot, Richard Holt Hutton, 1891
