Users Of Annual Report:

Understanding Corporate Annual Reports Brian Stanko, Thomas Zeller, 2003-02-25 Annual corporate reports provide a window into a company's strategy for future growth however many financial managers as well as the investing public focus exclusively on corporate earnings and fail to understand all the factors that comprise the earnings computation Understanding Corporate Annual Reports explains the regulatory environment surrounding annual reports providing a detailed review of how to read reports correctly Using Home Depot's annual report as the primary example Brian Stanko and Thomas Zeller's easy to use guide examines a variety of types of financial reports addressing both SEC and FASB regulations Understanding Corporate Annual Reports allows readers to appreciate the complete implications of a corporate annual report

Annual Reports John Stittle, 2003 This book concentrates on ensuring that the corporate message is communicated to stakeholders in a way that maximises the value of the annual report and outlines how this might best be achieved It explains the importance not only of the quantitative accounting information but also the qualitative content such as the chairman's statement directors report operating and financial review explanatory notes and so on Particular recognition is given to the legal stock exchange and professional accounting requirements as well as to the increasingly important but more discretionary areas of content such as social environmental and ethical reporting issues Crucially the book discusses the importance of electronic communication now that legislation allows companies to deliver information over the internet On a practical level the book takes the reader through the procedures and processes in actually managing the preparation and production of the report Both the practical and theoretical aspects of the book are placed in context by the use of relevant extracts taken from real life annual reports of major organisations By using these authentic examples the book clearly highlights what works and what doesn't Ensure that your company's annual reports conform to the highest standards of best practice Don't waste the opportunity to deliver your message

Annual Report on Development of New Media in China Yin Yugong, 2012-12-01 It's projected that China's internet population will hit 718 million by 2013 comfortably the largest base of net users in the world Central to this are issues of ownership freedom and censorship But what is China's perspective and on the proliferation of new media within China and what are its concerns This revealing book outlines the phenomenal recent digital developments seen across China and the vast amount of new media and internet usage Annual Report on Development of New Media in China Volume 1 presents a clear analysis of the key characteristics and trends found in present day China Comprehensive and research based it covers key subjects such as social media use in China including Twitter and Facebook search engines including Google plus news channels and news sites both Chinese and international In addition the authors examine the online gaming industry in China the very latest regulations and laws that affect new media industries and digital activities issues around blogging plus the introduction of digital television and ebooks into China The editor in chief is Yin Yugong Director of the Institute of Journalism and Communication of CASS the Chinese
