Environmental Science and Information Application Technology David Chan, 2015-06-29 Environmental Science and Information Application Technology contains selected papers from the 2014 5th International Conference on Environmental Science and Information Application Technology ESIAT 2014 Hong Kong 7 8 November 2014 The book covers a wide variety of topics Global Environmental Change and Ecosystems Management Graphic and I **Corrupted** Jonathan D Jansen, 2023-02-01 In South African higher education the images of dysfunction are everywhere Student protests Violence Police presence Rubber or real bullets Class disruptions Burning tyres Damaged buildings Injury and sometimes death Reports of wholesale corruption Year after year often in the same set of universities the problem of routine instability seems insoluble The financial academic and reputational costs of ongoing dysfunction are high especially for those universities caught up in the never ending struggle to overcome apartheid legacies Any number of explanations have been ventured including a lack of resources shortage of capacity rural location corrupt officials and endemic conflict Corrupted takes a deeper look at dysfunction in an attempt to unravel the root causes in a sample of South African universities At the heart of the problem lies the vexed issue of resources or more pertinently the relationship between resources and power who gets what and why Whatever else it aspires to be commonly a place of teaching learning research and public duty a university in an impoverished community is also a rich concentration of resources around which corrupt staff students and those outside of campus all vie for access Taking a political economic approach Jonathan Jansen describes the daily struggle for institutional resources and offers accessible sensible insights He argues that the problem won't be solved through investments in capacity building alone because the combination of institutional capacity and institutional integrity contributes to serial instability in universities Rather durable solutions would include the depoliticisation of university councils and appointments of academics with integrity and capacity to manage and lead these fragile institutions This groundbreaking and long overdue study will offer a promising way forward for universities to better serve their communities and the country more broadly Southern Resistance in Critical Perspective Marcel Paret, Carin Runciman, Luke Sinwell, 2017-03-27 From the Arab Uprising to anti austerity protests in Europe and the US Occupy Movement to uprisings in Brazil and Turkey resistance from below is flourishing Whereas analysts have tended to look North in their analysis of the recent global protest wave this volume develops a Southern perspective through a deep engagement with the case of South Africa which has experienced widespread popular resistance for more than a decade Combining critical theoretical perspectives with extensive qualitative fieldwork and rich case studies Southern Resistance in Critical Perspective situates South Africa's contentious democracy in relation to both the economic insecurity of contemporary global capitalism and the constantly shifting political terrain of post apartheid nationalism The analysis integrates worker community and political party organizing into a broader narrative of resistance bridging historical divisions between social movement studies labor

studies and political sociology **The A to Z of Careers in South Africa** ,2006 **Research Methods: Concepts, Methodologies, Tools, and Applications** Management Association, Information Resources,2015-01-31 Across a variety of disciplines data and statistics form the backbone of knowledge To ensure the reliability and validity of data appropriate measures must be taken in conducting studies and reporting findings Research Methods Concepts Methodologies Tools and Applications compiles chapters on key considerations in the management development and distribution of data With its focus on both fundamental concepts and advanced topics this multi volume reference work will be a valuable addition to researchers scholars and students of science mathematics and engineering Proceedings of 9th Edition of International Conference on BIOFUELS AND BIOENERGY 2018 EuroScicon,2018-03-23 March 29 30 2018 Edinburgh Scotland Key Topics Biomass Biogas Bioenergy Renewable Energy Biorefineries Bioethanol Biodiesel Aviation Biofuels Advanced Biofuels Algal Biofuels Nanotechnology In Biofuels Food V S Fuel Debate Bioeconomy Energy And Environment Green Energy And Economy Advances In Renewable Chemicals Entrepreneurs Investment Meet *Potentiality of “Kinyankole” Cultural-Resources, Practices for Promotion of Tourism, Uganda* Mackline Ninsiima,Njue Michael,2025-07-13 The book is set out to present the potential of Kinyankole cultural resources practices for promotion as a tourism product in Uganda The book has been developed using data collected from a study that took place in Mbarara and Kiruhura districts in Uganda in East Africa for the period ranging 2020 and 2021 East Africa and aimed to achieve the following specific goals to identify Kinyankole cultural resources that can be included in tourism products to look into Kinyankole practices that can be part of tourism products and to uncover untapped aspects of Kinyankole culture that could be added to tourism products The book is dividend in to four chapters Chapter one which introduces the book chapter two with literature review Chapter three presents methodology and analysis of data as well as presentation While chapter four presents final conclusions and recommendations *Speaking Subjects in Multilingualism Research* Judith Purkarthofer,Mi-Cha Flubacher,2022-07-22 This book discusses salient moments of multilingual encounters and brings together contributions focused on the interplay between language use by individuals and societies and language related inequalities or opportunities for speakers The chapters demonstrate how biographical and speaker centred approaches can contribute to an understanding of linguistic diversity how researchers can empirically account for lived experiences of languages and how such accounts are embedded in a larger discussion on social in equality Together the chapters make a powerful case for the importance of speaker centred methodologies in multilingual and multilingualism research The book is a rich source of theoretical and methodological reflections and will thus be a valuable resource for both experienced researchers and students beginning to explore biographical research methods South Africa Yearbook ,2009 **The Scholarship of Teaching and Learning in Higher Education** Shirley Booth,Laurie Woollacott,2015-12-31 This book makes a significant contribution to the literature on the Scholarship of Teaching and Learning SoTL It provides both theoretical and practical insights that should be of

interest to many SoTL scholars and practitioners worldwide The theme of teaching and learning and SoTL as fundamentally communicative acts connects the entire volume and will be picked up by SoTL scholars elsewhere as a useful and critical frame for future scholarship The cases from South Africa and Sweden offer new perspectives on teaching learning and SoTL

Mergers and Alliances in Higher Education Adrian Curaj, Luke Georghiou, Jennifer Cassingena Harper, Eva Egron-Polak, 2015-03-31 This volume casts light on mergers and alliances in higher education by examining developments of this type in different countries It combines the direct experiences of those at the heart of such transformations university leaders and senior officials responsible for higher education policy with expert analysts of the systems concerned Higher education in Europe faces a series of major challenges The economic crisis has accelerated expectations of an increased role in addressing economic and societal challenges while at the same time putting pressure on available finances Broader trends such as shifting student demographics and expectations globalisation and mobility and new ways of working with business have contributed to these increased pressures In the light of these trends there have been moves both from national or regional agencies and from individual institutions to respond by combining resources either through collaborative arrangements or more fundamentally through mergers between two or more universities After an introductory chapter by the editors which establishes the context for mergers and alliances the book falls into two main parts Part 1 takes a national or regional perspective to give some sense of the historical context the wider drivers and the importance of these developments in these cases Included are both systemic accounts for countries as France Sweden Romania Russia Wales and England and specific cross cutting initiatives including a major facility at Magurele in Romania and a Spanish programme for promoting international campuses of excellence Part 2 is built from specific cases of universities either in mergers or alliances with examples from different countries such as France UK Romania Spain Germany Denmark Finland Switzerland A concluding chapter by the editors assesses these experiences and indicates the implications and future needs for understanding in this domain

Sociology in South Africa R. Sooryamoorthy, 2016-08-13 This book is the first comprehensive account of the history and current state of South African sociology Providing a holistic picture of the subject both as it is taught in universities and as a field of research it reveals the trajectories of a discipline in a challenging socio political context With the support of historical and scientometric data it demonstrates how the changing political situation from colonialism to apartheid to democracy has influenced the nature direction and foci of sociological research in the country The author shows how during the apartheid era sociology was professionally fragmented and divided along language and race lines It was however able to flourish with the advent of democracy in 1994 and has become a unique academic movement This insightful work will appeal to students and scholars of the social sciences and all those interested in the history and society of South Africa Usability and User Experience Tareq Ahram and Christianne Falcão, 2023-07-19 Proceedings of the 14th International Conference on Applied Human Factors and Ergonomics AHFE 2023 July 20 24 2023 San Francisco USA *Landscapes of Human Evolution* James Cole, John McNabb, Matt Grove, Rob Hosfield, 2020-02-13 Fourteen papers are presented here in honour of John Gowlett John has a wide range of research interests primarily focused on the human genus Homo and is a world leader in understanding the cognitive and behavioural preconditions necessary for the emergence of complex behaviours such as language and art

Inequality Studies from the Global South David Francis, Imraan Valodia, Edward Webster, 2020-05-04 This book offers an innovative interdisciplinary approach to thinking about inequality and to understanding how inequality is produced and reproduced in the global South Without the safety net of the various Northern welfare states inequality in the global South is not merely a socio economic problem but an existential threat to the social contract that underpins the democratic state and society itself Only a response that is firmly grounded in the context of the global South can hope to address this problem This collection brings together scholars from across the globe with a particular focus on the global South to address broad thematic areas such as the conceptual and methodological challenges of measuring inequality the political economy of inequality in the global South inequality in work households and the labour market and inequalities in land spaces and cities The book concludes by suggesting alternatives for addressing inequality in the global South and around the world The pioneering ideas and theories put forward by this volume make it essential reading for students and researchers of global inequality across the fields of sociology economics law politics global studies and development studies

Lesser Flamingos Lothar Krienitz, 2018-12-31 This book provides insights into the fascinating life of the Lesser Flamingo *Phoeniconaias minor* and describes how this enigmatic bird has adapted to the extreme conditions of tropical soda lakes and can even withstand the caustic effects of brine However humans are increasingly disrupting the natural cycles of these wetlands and for these pink birds characteristic of these salt lakes it is becoming more and more difficult to find suitable habitats food and breeding grounds Their fate is considered a cautionary example of man's dealings with nature Will the Lesser Flamingo survive in a

man made world Flamingos are considered to be an embodiment of the Phoenix and the author interweaves his personal experiences with and observations of the flamingos unusual habitats with the Phoenix motif in order to stimulate reflection on the circle of life Written in an accessible style that combines science biological information and the author s own travels and fieldwork the book also includes a wealth of captivating images As such it offers a unique resource for biologists and nature loving Africa and Asia enthusiasts alike
