

VALEDICTORY SPEECH

It was not so long ago when I dared to dream, and not so long ago, when I dared to take the first essential steps towards the fulfilment of my highschool education.

A pleasant morning everyone especially to our dearest principal Dr. Magsala, esteemed guest, teachers, parents, and my fellow graduates. I am honoured to stand before you today as your class valedictorian from GRADE 12 RIZAL.

Today, we are celebrating the success of the fruitful end of our secondary education and the beginning of the new chapter in our school life. I know that all of us are in mixed emotions but, it's time to rejoice for we are able to finish and accomplish something that we can be proud of. We embarked on this journey together, navigating the challenges of highschool days, each of us fueled by our dreams, our passion, and unwavering hope for the future. As I reflect on the past four years, I am filled with gratitude for the incredible experiences and opportunities that have shaped us into the young adults we are today. From the challenges we have faced to the triumphs we have celebrated, every moment has contributed to our growth and development. The future holds endless possibilities for each of us. Whether we choose to pursue higher education, enter the workforce, or embark on a new adventure, I am confident that we will all continue to learn, grow, and make our mark on the world. As we leave the halls of our high school, let us embrace the challenges and opportunities that lie ahead with determination and optimism. Let us never stop learning, exploring, and striving to be the best that we can be. Along the way, we have learned, we have grown, and we have made memories that will last a lifetime. As we move on to the next chapter of our aliveness, I urge you to never give up on your dreams. No matter what obstacles you face, never give up on what you believe in. I am so proud of each and every one of you for your hard work and dedication.

“ADAYO PAY, NGEM AMMOK NGA NAKAADAYO TAYON.”

Many a Hard Nut S. Ganesan, 2011 Still on Record - The Return of the Archivist Berwick Coates, 2018-06-22 After the runaway success of *Nearly Off the Record* the Archives of an Archivist and encouraged by tweets from President Trump a government ban in North Korea and its short listing for the National Obscurity Prize Berwick Coates has consented to bow to popular demand and produce this collection of yet more gems from the history of West Buckland School where he works as the School Archivist It is hoped that the subtitle *the Return of the Archivist* will add a welcome touch of swashbuckle and Errol Flynn to its appeal It is easier to understand than its predecessor each entry rarely goes beyond two pages or three syllables and there are yet more illustrations It is admirably constructed to be easy to recognise it looks just like the other one easy to dip into and even easier to hurl aside when the interest flags Partnerships in Educational Development Iffat Farah, Barbara Jaworski, 2006-05-15 This book is about the development of one institution and its developmental work in education in south and central Asia and in east Africa the Institute for Educational Development IED at the Aga Khan University AKU in Karachi Pakistan The IED came into being in 1993 and launched its first programme in 1994 an M Ed in teacher education It recruited 20 teachers carefully selected from schools in Pakistan east Africa Tajikistan and Bangladesh There should have been a teacher from India but sadly she was not granted a visa to come These 20 teachers graduating from the M Ed course 18 months later were the first graduates from the IED They became the first Professional Development Teachers PDTs working with schools and running short courses for other teachers at the IED After three years of PDT work some of these graduates were selected for Ph D studies overseas and are now doctoral graduates and central IED faculty The wheel has come full circle In the meantime the M Ed programme has flourished and developed with eight cohorts of selected teachers The IED programmes have expanded in a variety of ways and in a variety of directions Some are academic programmes educating teachers and educational managers in a university environment albeit with school focused work Some are professional programmes located in the field albeit with theoretical elements perceived as central to the developmental process The IED has attracted attention both nationally and internationally In the countries listed above professional programmes have developed to run alongside the central IED operation The IED's work has become visible to government agencies who from tentative initial investment are now looking towards the IED to work with them in the developmental field Other countries have seen the results of the IED's work in the original countries and have asked to join the developmental enterprise The IED now works with three countries in east Africa namely Kenya Tanzania and Uganda in Afghanistan Syria and several central Asian countries including Tajikistan and Kyrgyzstan There are possibilities of initiating work in other countries in the region Perceived in such terms the IED's growth and influence reads like an educational developmental success story And of course it is a success But this is not to say that there are not many issues and problems to face in its day to day and decade to decade development In 2003 the IED celebrated 10 years of operation This was a time to celebrate and

also to take stock of its achievements and issues It has many impact programmes in place seeking to provide sound research evidence to document processes in learning and growth and issues that have to be addressed One problem of rapid growth is that it is easy for the institute and its faculty to become overextended so that in depth review of programmes and outcomes is never achieved Despite considerable overextension the IED is striving to avoid this danger This book is a product of the 10 years of development It had been hoped to complete it for the 10 year celebrations but as with other aspects of the IED it kept on growing This volume tries to provide an account of development from a number of perspectives such as historical chronological issues based and honestly critical

Farewell Speech Rachel McAlpine, 1990 *Confessions of a Headmaster* Paul F. Cummins, 2015-09-30 Both a memoir and manifesto for education reform, chronicles Cummins's remarkable career as a teacher, headmaster, and school founder. Kirkus Reviews: In this entertaining and inspiring memoir, renowned educator Paul Cummins candidly shares his journey from privileged kid and ivory tower scholar to hands-on progressive educator working to achieve social justice through education for all youth, from children of celebrities to foster and incarcerated youth and those facing sometimes unimaginable circumstantial hurdles to education and accomplishment, proving time and again that all children can succeed given appropriate support. *Confessions of a Headmaster* is the story of the birth of the kind of open, enlightened, diverse education we all take for granted today, told in a warm and engaging way by the visionary in our midst who made it happen. Victoria Shorr, cofounder of the Archer School for Girls and of the Pine Ridge Girls School. The story of a man who brought the romance back into teaching at a time when the field of education is a field of constant national controversy and our most popular books have titles with militarist references such as *The Teacher Wars*. Mona Simpson, national bestselling author of *Anywhere But Here*. As Paul Cummins once remarked: Passion without intelligence is of limited value and the inverse is also true for who would want intelligence without passion. In *Confessions*, we see what can happen when these two qualities work in sync. John Densmore, drummer for the Doors. **Valedictorian** Constance W. Hall, 2016-02-10 Growing up with odds stacked against him, born to alcoholic parents and forced to depend on only himself since the age of eight, Wilbur strives for success through intelligence, hard work, and education. Unfortunately, life's devastating blows overshadow Wilbur's remarkable achievements. Like a one-two punch, Wilbur eventually concludes that his life has been a cruel joke until one person lifts the veil and Wilbur learns what his true purpose has always been. **Black Theatre USA Revised and Expanded Edition, Vol. 1** James V. The scholar reconstructs Crux's biography using more than 150 colophons and notes and analyzes his role as an author, translator, compiler, glossator, and primarily as a scribe. For comparison, Kimberly Rivers' study on the Würzburg Franciscan scribe Johannes Sintram 1450 is included in the book. The most conspicuous feature of the examined late medieval manuscript culture is the unprecedented number of scribe's paratexts: contents, indexes, explanatory notes, references, identification of sources, and others, accompanied by a no less
